- CCTV. Susan advised that Council has agreed to implement a CCTV system in Kuranda (Coondoo Street). Trish suggested Therwine Street was more important as there were more businesses plus the two parks. Documentary evidence is needed to be submitted to support the application. Business members of advisory committee agreed that they were unable to do this. Discussion on role of Qld Police and the improvements that additional evidence would make to the success of a grant application. Brisbane Caravan & Camping Show 7-12 June 2017

Visitor numbers were approximately 40000. This being down on last year but again the show was a day less, with the holiday being moved and a very wet Sunday, along with the Gold Coast Show in March all perhaps having some impact on those numbers. However the people that came did come to buy Caravans and collect information. Again the change of the Tourism Pavilion was a bonus and of those that came to the Queensland Tourism area a majority indicated visiting the North and came to the show for specific information.

- Very similar to last year, some visitors came from Regional Queensland, Victoria, New South Wales, Western Australia, Northern Territory and even New Zealand. Some from Regional Queensland including Cairns had flown down for a day.
- As with other shows, Cape York was a most requested Area with the Torres Strait including Thursday and Horn Island. Included in the requests were Cooktown and Trinity Bay. Differently to previous years with Gulf requests Undara, Gulflander and Savannahlander were not specifically noted in requests for information on the Savannah Way however Lawn Hill was regularly requested. Most coming North were going to Travel via the Matilda Highway visit Winton, then after a visit to Lawn Hill turn east for Cairns either along the Queensland section of the Savannah Way or Overlanders Way through Charters Towers.
- Although most were self-drive a number of these requested information on Tag-a-long tours, with others requiring Extended Safaris into areas they did not want to drive their vehicles. Also a number of requests were received for Cairns along with flights to Torres Strait.
- Road conditions and fuel availability were questions asked, specifically in relation to Cooktown, the Western Gulf, Savannah Way and Cape York Peninsula.
- A number of self-drive visitors were considering a stay in Cairns as they wanted to visit the Reef, Skyrail, Kuranda, Tablelands and Daintree, along with specific information on Hartley's Creek Crocodile Adventures along with other Tourist attractions as they had been told by friends but had little information. These requests included Herberton Historic Village and The Australian Armour & Artillery Museum.
- Most visitors claimed they were travelling this year, the others planning for next year and beyond. Most travelling this year said they were leaving by the end of the month with the others in July with some in August and September.
- A number of people requiring information on the north indicated planning to use the cheap air fares instead of driving then use day tours to see the area. Even some with vehicles indicated taking tours as they felt they missed too much when driving.
- Overall this Show was very positive with the volume of Caravan and Camper sales along with accessories indicating a strong year for travel and all products presented should benefit from the exposure.

Hi all,

We were unable to reach a quorum for our last meeting so there is just one decision that has to be ratified as part of a flying minute. Can you all please reply to Cathy Harvey @ tk@kuranda.org (cc'd in this email) with a yes or no to proceed.

As part of our 2017/18 strategic plan we are updating the signs at the TK Office and the Railway Station with all new information and our Kuranda Brochures are about to hit the racks so we need them to correspond.

So the motion is that "The TK advisory committee approve that the signage be updated in front of the TK Office and Railway station, for the quoted amount received by Mark Sleeman on the ? "

Not sure on date it was received but Cathy has that information.

Please can everyone reply by COB Wednesday the 27th of June.
