0730 DA03 A	Upper Level – Proposed Floor Plan	Gregory G Terzi	Jan 2023

(C) ASSESSMENT MANAGER’S CONDITIONS (COUNCIL)

(a) Development assessable against the Planning Scheme

1. Development must be carried out generally in accordance with the approved plans and the facts and circumstances of the use as submitted with the application, subject to any alterations:
  - found necessary by Council’s delegated officer at the time of examination of the engineering plans or during construction of the development because of particular engineering requirements; and
  - to ensure compliance with the following conditions of approval.
2. Timing of Effect

- 2.1 The conditions of the development permit must be complied with to the satisfaction of Council's delegated officer prior to the commencement of the use except where specified otherwise in these conditions of approval.
- 2.2 Prior to the commencement of use, the applicant must notify Council that all the conditions of the development permit have been complied with, except where specified otherwise in these conditions of approval.
3. General
  - 3.1 The development approval would not have been issued if not for the conditions requiring the construction of infrastructure or the payment of infrastructure charges within the conditions of approval or the Adopted Infrastructure Charges Notice.
  - 3.2 The applicant/developer is responsible for the cost of necessary alterations to existing public utility mains, services or installations required by works in relation to the proposed development or any works required by condition(s) of this approval.
  - 3.3 All payments or bonds required to be made to the Council pursuant to any condition of this approval must be made prior to commencement of the use and at the rate applicable at the time of payment.
  - 3.4 All works must be designed, constructed and carried out in accordance with FNQROC Development Manual requirements (as amended) and to the satisfaction of Council's delegated officer.
  - 3.5 Noise Nuisance

Refrigeration equipment, pumps, compressors and mechanical ventilation systems must be located, designed, installed and maintained to achieve a maximum noise level of 3dB(A) above background levels as measured from noise sensitive locations.
  - 3.6 Waste Management

On site refuse storage area must be provided and be screened from view from adjoining properties and road reserve by 1 metre wide landscaped screening buffer, 1.8m high solid fence or building.
  - 3.7 Clothes Drying Facilities

Sufficient area for clothes drying is to be provided at the rear of the short-term accommodation and is to be appropriately screened from view of adjoining properties and the street.
  - 3.8 A site manager must be present on-site at all times to ensure compliance with these conditions of approval.

The site manager's contact details must be made available to adjoining landowners.
4. Infrastructure Services and Standards

#### 4.1 Access

Both access crossovers must be constructed (from the edge of the road pavement to the property boundary of the subject lot) in accordance with the FNQROC Development Manual, to the satisfaction of Council's delegated officer.

#### 4.2 Stormwater Drainage

4.2.1 The applicant/developer must take all necessary steps to ensure a non-worsening effect on surrounding land as a consequence of the development.

4.2.2 All stormwater drainage concentrated by the development must be collected from site and discharged to an approved legal point of discharge.

#### 4.3 Car Parking/Internal Driveways

The applicant/developer must ensure the development is provided with a minimum of three (3) on-site car parking spaces in accordance with Drawing No. 0730 Sheet DA 02 A, which are available solely for the parking of vehicles associated with the use of the premises. All car parking spaces and internal driveways must be concrete, bitumen or asphalt sealed and appropriately drained prior to the commencement of the use and to the satisfaction of Council's delegated officer.

All car parking spaces and internal driveways must be constructed in compliance with the following standards, to the satisfaction of Council's delegated officer:

- Australian Standard AS2890:1 Off Street Parking – Car Parking Facilities;
- Australian Standard AS1428:2001 – Design for Access and Mobility.

#### 4.4 Landscaping & Fencing

4.4.1 Prior to the commencement of the use, a minimum one (1) metre wide landscaping strip must be established along the entire Walsh Street frontage (excluding pedestrian and vehicle access points) of Lot 1 on RP719746.

4.4.2 Where new plants are to be planted, these plant varieties must be generally in accordance with Schedule A of Planning Scheme Policy No. 9 (Landscaping Policy).

4.4.3 The landscaping strip must be irrigated, mulched and maintained for the life of the development to the satisfaction of Council's delegated officer.

4.4.4 Prior to the commencement of the use, the applicant/developer must erect a 1.8 metre high solid screen fence constructed of Colourbond (of neutral colour) or other suitable material approved by Council, along the entire length of the side and rear boundaries of Lot 1 on RP719746.

4.4.5 All fencing must be maintained in good order and safe repair for the life of the development, to the satisfaction of Council's delegated officer.

#### 4.5 Privacy Screening

Prior to the commencement of the use, the applicant/developer must ensure directional privacy screening is installed external to all upper floor windows to effectively screen from view the adjoining allotments.

#### 4.6 Lighting

Where outdoor lighting is required, the developer shall locate, design and install lighting to operate from dusk to dawn within all areas where the public will be given access, which prevents the potential for light spillage to cause nuisance to neighbours and must be provided in accordance with Australian Standard 1158.1 – Lighting for Roads and Public Spaces.

Illumination resulting from direct, reflected, or other incidental light emanating from the subject land does not exceed 8 lux when measured at any point 1.5m outside the property boundary of the subject site. The lighting fixtures installed on site must meet appropriate lux levels as documented within Australian Standard 4282 – Control of the Obtrusive Effects of Outdoor Lighting.

### (D) ASSESSMENT MANAGER'S ADVICE

- (a) An Adopted Infrastructure Charges Notice has been issued with respect to the approved development. The Adopted Infrastructure Charges Notice details the type of infrastructure charge/s, the amount of the charge/s and when the charge/s are payable.
- (b) The Adopted Infrastructure Charges Notice does not include all charges or payments that are payable with respect to the approved development. A number of other charges or payments may be payable as conditions of approval. The applicable fee is set out in Council's Fees & Charges Schedule for each respective financial year.
- (c) The change in the use of the building may also require a change in the classification of the building under the Building Act. You are advised to contact a Building Certifier to establish if a change in the classification of the building is required.
- (d) Compliance with applicable codes/policies

The development must be carried out to ensure compliance with the provisions of Council's Local Laws, Planning Scheme Policies, Planning Scheme and Planning Scheme Codes to the extent they have not been varied by a condition of this approval.

- (e) Compliance with Acts and Regulations

The erection and use of the building must comply with the Building Act and all other relevant Acts, Regulations and Laws, and these approval conditions.

(f) Environmental Protection and Biodiversity Conservation Act 1999

The applicant is advised that referral may be required under the *Environmental Protection and Biodiversity Conservation Act 1999* if the proposed activities are likely to have a significant impact on a matter of national environmental significance. Further information on these matters can be obtained from [www.dcceew.gov.au](http://www.dcceew.gov.au).

(g) Cultural Heritage

In carrying out the activity the applicant must take all reasonable and practicable measures to ensure that no harm is done to Aboriginal cultural heritage (the “cultural heritage duty of care”). The applicant will comply with the cultural heritage duty of care if the applicant acts in accordance with gazetted cultural heritage duty of care guidelines. An assessment of the proposed activity against the duty of care guidelines will determine whether or to what extent Aboriginal cultural heritage may be harmed by the activity. Further information on cultural heritage, together with a copy of the duty of care guidelines and cultural heritage search forms, may be obtained from [www.dsdsatsip.qld.gov.au](http://www.dsdsatsip.qld.gov.au).

(h) Electric Ants

Electric ants are designated as restricted biosecurity matter under the *Biosecurity Act 2014*.

Certain restrictions and obligations are placed on persons dealing with electric ant carriers within the electric ant restricted zone. Movement restrictions apply in accordance with Sections 74–77 of the *Biosecurity Regulation 2016*. Penalties may be imposed on movement of electric ant carriers and electric ants in contravention of the legislated restrictions. It is the responsibility of the applicant to check if the nominated property lies within a restricted zone.

All persons within and outside the electric ant biosecurity zone have an obligation (a **general biosecurity obligation**) to manage biosecurity risks and threats that are under their control, they know about, or they are expected to know about. Penalties may apply for failure to comply with a general biosecurity obligation.

For more information please visit the electric ant website at [Electric ants in Queensland | Business Queensland](http://Electric ants in Queensland | Business Queensland) or contact Biosecurity Queensland 13 25 23.

(E) RELEVANT PERIOD

When approval lapses if development not started (s.85)

- Material Change of Use – six (6) years (starting the day the approval takes effect);

(F) OTHER NECESSARY DEVELOPMENT PERMITS AND/OR COMPLIANCE PERMITS

- Development Permit for Building Work

(G) OTHER APPROVALS REQUIRED FROM COUNCIL

- Compliance Permit for Plumbing and Drainage Work
- Access approval arising from condition number 4.1 (Please contact Planning Section to obtain application form and applicable fee)

And

The assessment manager does not consider that the assessment manager’s decision conflicts with a relevant instrument.

(A) APPROVED DEVELOPMENT: Development Permit for Reconfiguring a Lot – Subdivision (1 into 3 Lots)

(B) APPROVED PLANS:

Plan/Document Number	Plan/Document Title	Prepared by	Dated
DA-001	Plan of Development – 1 Copland Road, Koah	Innovate Urban	28/07/2023

(C) ASSESSMENT MANAGER’S CONDITIONS (COUNCIL)

(a) Development assessable against the Planning Scheme

1. Development must be carried out generally in accordance with the approved plans and the facts and circumstances of the use as submitted with the application, subject to any alterations:

- found necessary by Council’s delegated officer at the time of examination of the engineering plans or during construction of the development because of particular engineering requirements; and
- to ensure compliance with the following conditions of approval.

2. Timing of Effect

The conditions of the development permit must be complied with to the satisfaction of Council’s delegated officer prior to the endorsement of the plan of survey, except where specified otherwise in these conditions of approval.

3. General

3.1 The development approval would not have been issued if not for the conditions requiring the construction of infrastructure or the payment of infrastructure charges within the conditions of approval or the Adopted Infrastructure Charges Notice.

3.2 The applicant/developer is responsible for the cost of necessary alterations to existing public utility mains, services or installations required by works in relation to the proposed development or any works required by condition(s) of this approval.

3.3 All payments or bonds required to be made to the Council pursuant to any condition of this approval or the Adopted Infrastructure Charges Notice must be made prior to the endorsement of the plan of survey and at the rate applicable at the time of payment.

3.4 The developer must relocate (in accordance with FNQROC standards) any services such as water, sewer, drainage, telecommunications and electricity that

are not wholly located within the lots that are being created/serviced where required by the relevant authority unless approved by Council's delegated officer.

- 3.5 Where utilities (such as sewers on non-standard alignments) traverse lots to service another lot, easements must be created in favour of Council for access and maintenance purposes. The developer is to pay all costs (including Council's legal expenses) to prepare and register the easement documents.
- 3.6 Any existing buildings or structures and/or incidental works that straddle the new boundaries must be altered, demolished or removed, as required, to align with the new property boundaries and/or be wholly contained within a new allotment, unless approved by Council's delegated officer.
- 3.7 All works must be designed, constructed and carried out in accordance with FNQROC Development Manual requirements and to the satisfaction of Council's delegated officer.

### 3.8 Lot Size

Lots 1 and 2 must achieve sizes of at least 1.5 hectares and 1.25 hectares respectively.

### 3.9 Slope Stability

For any new building work proposed on a slope of 15% or greater, the applicant/developer must provide Council with a site specific geotechnical report prepared by a suitably qualified Registered Professional Engineer of Queensland (RPEQ) that certifies:

- the long-term stability of the development site; and
- that the development site will not be adversely affected by land slide/slip activity originating on sloping land above the development site.

### 3.10 Flood Immunity

All new buildings must be located such that the finished floor levels of all habitable rooms are a minimum of 300mm above the defined 100 ARI year flood level.

### 3.11 Bushfire Hazard Management

3.11.1 Any new dwelling erected on the proposed allotments must:

- (i) Achieve a setback from hazardous vegetation of 1.5 times the predominant mature canopy tree height or 10 metres, whichever is greater.

- (ii) Include on-site water storage of not less than 5,000 litres, with a 50mm male camlock fire brigade fitting where necessary, to be provided at the same time the dwelling is constructed.

3.11.2 A Bushfire Hazard Management Plan must be prepared for each lot to the satisfaction of Council's delegated officer. The future use of each lot must comply with the requirements of the Management Plan at all times.

### 3.12 Charges

All outstanding rates, charges and expenses pertaining to the land are to be paid in full.

## 4. Infrastructure Services and Standards

### 4.1 Access

4.1.1 New or existing access crossovers must be upgraded/constructed (from the edge of Koah Road to the property boundaries of Lots 1 and 2) in accordance with the FNQROC Development Manual, to the satisfaction of Council's delegated officer.

Given the location of the access handle for Lot 3 adjacent the Koah/Copland Road intersection and given the construction standard and geometry of the intersection, access crossover works are not required for Lot 3.

4.1.2 The access handle driveway for Lot 3 is to be constructed to a two (2) coat bitumen, asphalt or concrete sealed standard for the full length of the access handle, to the satisfaction of Council's delegated officer. The driveway will:

- have a minimum sealed width of 3 metres; and
- be formed with one-way cross fall to cater for stormwater drainage such that any stormwater runoff is contained within the access handle.

### 4.2 Frontage Works - Koah Road

4.2.1 Prior to the endorsement of a plan of survey, the applicant/developer must widen the development side of Koah Road only by a total of two (2) metres (1.25 metre bitumen seal, 0.75 metre gravel shoulder) in accordance with Table D1.4 (Road Class 100 - 999) of the FNQROC Development Manual, to the satisfaction of Council's delegated officer. The road must be widened for a length of 140 metres only starting from the western corner of the site (adjacent the access crossover of Lot 671 on SP295201 and extending south-east).

Prior to works commencing, plans for the works described above must be approved as part of a subsequent application for Operational Works.

4.2.2 In lieu of undertaking the abovementioned operational works, the applicant/developer may elect to provide a monetary contribution to Council equal to the cost of undertaking the works required by condition

4.2.1. A written itemised quote from a civil contractor to determine the cost of the works must first be provided to Council and accepted by Council's delegated officer. The monetary contribution must be paid prior to the endorsement of the plan of survey.

#### 4.3 Stormwater Drainage

4.3.1 The applicant/developer must take all necessary steps to ensure a non-worsening effect on surrounding land, as a consequence of the development and must take all reasonable and practical measures to ensure discharge occurs in compliance with the Queensland Urban Drainage Manual (QUDM) and the FNQROC Development Manual, to the satisfaction of Council's delegated officer.

4.3.2 All stormwater drainage must be discharged at a lawful point of discharge.

#### 4.4 Water Supply

At the time of construction of a new dwelling on any lot, a water supply must be provided via:

- (a) a bore or bores are provided in accordance with the Design Guidelines set out in the Planning Scheme Policy 4 – FNQROC Regional Development Manual; or
- (b) on-site water storage tank/s:
  - (i) with a minimum capacity of 90,000L; and
  - (ii) which are installed and connected prior to the occupation of the dwelling.
- (c) Water access rights to a perennial watercourse.

#### 4.5 On-Site Wastewater Management

At the time of construction of a new dwelling on any lot, any associated on-site effluent disposal system must be constructed in compliance with the latest version On-Site Domestic Wastewater Management Standard (ASNZ1547) to the satisfaction of the Council's delegated officer.

#### 4.6 Electricity provision/supply

The applicant/developer must ensure that an appropriate level of electricity supply is provided to each allotment in accordance with FNQROC Development Manual standards (as amended) to the satisfaction of Council's delegated officer.

Written advice from an Electricity Service Provider is to be provided to Council indicating that an agreement has been made for the provision of power reticulation.

#### 4.7 Telecommunications

The applicant/developer must demonstrate that a connection to the national broadband network is available for each allotment, or alternatively, enter into an agreement with a telecommunication carrier to provide telecommunication services to each lot and arrange provision of necessary conduits and enveloping pipes.

#### (D) ASSESSMENT MANAGER'S ADVICE

(a) An Adopted Infrastructure Charges Notice has been issued with respect to the approved development. The Adopted Infrastructure Charges Notice details the type of infrastructure charge/s, the amount of the charge/s and when the charge/s are payable.

(b) The Adopted Infrastructure Charges Notice does not include all charges or payments that are payable with respect to the approved development. A number of other charges or payments may be payable as conditions of approval. The applicable fee is set out in Council's Fees & Charges Schedule for each respective financial year.

(c) Endorsement Fees

Council charges a fee for the endorsement of a Survey Plan, Community Management Statements, easement documents, and covenants. The fee is set out in Council's Fees & Charges Schedule applicable for each respective financial year.

(d) Compliance with applicable codes/policies

The development must be carried out to ensure compliance with the provisions of Council's Local Laws, Planning Scheme Policies, Planning Scheme and Planning Scheme Codes to the extent they have not been varied by a condition of this approval.

(e) Notation on Rates Record

A notation will be placed on Council's Rate record with respect to each lot regarding the following conditions:

- Conditions regarding on-site water supply applicable at time of new dwelling construction of each lot.
- Conditions regarding on-site effluent disposal applicable at time of new dwelling construction on each lot.
- Conditions relevant to any future building works on sloping land
- Conditions regarding bushfire management/bushfire management plan
- A registered easement over the subject site (Lot 2 Only)
- Conditions regarding flood immunity

(f) Environmental Protection and Biodiversity Conservation Act 1999

The applicant is advised that referral may be required under the *Environmental Protection and Biodiversity Conservation Act 1999* if the proposed activities are likely

to have a significant impact on a matter of national environmental significance. Further information on these matters can be obtained from [www.dcceew.gov.au](http://www.dcceew.gov.au)

(g) Cultural Heritage

In carrying out the activity the applicant must take all reasonable and practicable measures to ensure that no harm is done to Aboriginal cultural heritage (the “cultural heritage duty of care”). The applicant will comply with the cultural heritage duty of care if the applicant acts in accordance with gazetted cultural heritage duty of care guidelines. An assessment of the proposed activity against the duty of care guidelines will determine whether or to what extent Aboriginal cultural heritage may be harmed by the activity. Further information on cultural heritage, together with a copy of the duty of care guidelines and cultural heritage search forms, may be obtained from [www.dsdsatsip.qld.gov.au](http://www.dsdsatsip.qld.gov.au)

(h) Electric Ants

Electric ants are designated as restricted biosecurity matter under the *Biosecurity Act 2014*.

Certain restrictions and obligations are placed on persons dealing with electric ant carriers within the electric ant restricted zone. Movement restrictions apply in accordance with Sections 74–77 of the *Biosecurity Regulation 2016*. Penalties may be imposed on movement of electric ant carriers and electric ants in contravention of the legislated restrictions. It is the responsibility of the applicant to check if the nominated property lies within a restricted zone.

All persons within and outside the electric ant biosecurity zone have an obligation (a **general biosecurity obligation**) to manage biosecurity risks and threats that are under their control, they know about, or they are expected to know about. Penalties may apply for failure to comply with a general biosecurity obligation.

For more information please visit the electric ant website at [Electric ants in Queensland | Business Queensland](#) or contact Biosecurity Queensland 13 25 23.

(B) APPROVED PLANS:

Plan/Document Number	Plan/Document Title	Prepared by	Dated
-	Lot 1 & 3 RP723067 Boundary Realignment	-	5 June 2023

(C) ASSESSMENT MANAGER’S CONDITIONS (COUNCIL)

(a) Development assessable against the Planning Scheme

1. Development must be carried out generally in accordance with the approved plans and the facts and circumstances of the use as submitted with the application, and subject to any alterations:
  - found necessary by the Council’s delegated officer at the time of examination of the engineering plans or during construction of the development because of particular engineering requirements; and
  - to ensure compliance with the following conditions of approval.
2. Timing of Effect
  - 2.1 The conditions of the development permit must be complied with to the satisfaction of Council’s delegated officer prior to the endorsement of the plan of survey, except where specified otherwise in these conditions of approval.
3. General
  - 3.1 The applicant/developer is responsible for the cost of necessary alterations to existing public utility mains, services or installations required by works in relation to the proposed development or any works required by condition(s) of this approval.
  - 3.2 All payments or bonds required to be made to the Council pursuant to any condition of this approval must be made prior to the endorsement of the plan of survey and at the rate applicable at the time of payment.
  - 3.3 The developer must relocate (in accordance with FNQROC standards) any services such as water, sewer, drainage, telecommunications and electricity that are not wholly located within the lots that are being created/serviced where

required by the relevant authority, unless approved by Council's delegated officer.

The developer is to pay all costs (including Council's legal expenses) to prepare and register the easement documents.
- 3.5 Where approved existing buildings and structures are to be retained, setbacks to new property boundaries are to be in accordance with Planning Scheme requirements for the relevant structure and/or Queensland Development Code. Where a structure is located in close proximity to a new property boundary, a plan demonstrating compliance must be submitted prior to endorsement of the plan of survey.
- 3.6 Charges  
All outstanding rates, charges and expenses pertaining to the land are to be paid in full.
- 3.7 A minimum 8 metre wide access easement must be established over Lot 1 to service Lot 3 generally in accordance with the position and orientation shown on the approved plan. The access easement documents must be submitted to Council for review prior to endorsement of a plan of survey.

(D) ASSESSMENT MANAGER'S ADVICE

- (a) A number of other charges or payments may be payable as conditions of approval. The applicable fee is set out in Council's Fees & Charges Schedule for each respective financial year.

- (b) Easement Documents

Council has developed standard easement documentation to assist in the drafting of formal easement documents for Council easements. Please contact the Planning Section for more information regarding the drafting of easement documents for Council easements.

- (c) Endorsement Fees

Council charges a fee for the endorsement of a Survey Plan, Community Management Statements, easement documents, and covenants. The fee is set out in Council's Fees & Charges Schedule applicable for each respective financial year.

- (d) Compliance with applicable codes/policies

The development must be carried out to ensure compliance with the provisions of Council's Local Laws, Planning Scheme Policies, Planning Scheme and Planning Scheme Codes to the extent they have not been varied by a condition of this approval.

- (e) Notation on Rates Record

A notation will be placed on Council's Rate record with respect to each lot regarding the following conditions:

- a registered easement over the subject site

(f) Environmental Protection and Biodiversity Conservation Act 1999

The applicant is advised that referral may be required under the *Environmental Protection and Biodiversity Conservation Act 1999* if the proposed activities are likely to have a significant impact on a matter of national environmental significance. Further information on these matters can be obtained from [www.dcceew.gov.au](http://www.dcceew.gov.au).

(h) Sunwater Advice

It is recommended that the applicant/developer negotiate with Sunwater and the State Government to open appropriate access easements over both Lot 354 on HG260 and Lot 2 on RP723067 (Unallocated State Land) to provide proposed Lots 1 and 3 and Lot 2 on RP723067 with legal access to Horse Creek Road.

(i) Electric Ants

Electric ants are designated as restricted biosecurity matter under the *Biosecurity Act 2014*.

Certain restrictions and obligations are placed on persons dealing with electric ant carriers within the electric ant restricted zone. Movement restrictions apply in accordance with Sections 74–77 of the *Biosecurity Regulation 2016*. Penalties may be imposed on movement of electric ant carriers and electric ants in contravention of the legislated restrictions. It is the responsibility of the applicant to check if the nominated property lies within a restricted zone.

All persons within and outside the electric ant biosecurity zone have an obligation (a **general biosecurity obligation**) to manage biosecurity risks and threats that are under their control, they know about, or they are expected to know about. Penalties may apply for failure to comply with a general biosecurity obligation.

For more information please visit the electric ant website at [Electric ants in Queensland | Business Queensland](http://Electric ants in Queensland | Business Queensland) or contact Biosecurity Queensland 13 25 23.

(C) ASSESSMENT MANAGER’S CONDITIONS (COUNCIL)

(a) Development assessable against the Planning Scheme

1. Development must be carried out generally in accordance with the approved plans and the facts and circumstances of the use as submitted with the application, and subject to any alterations:
  - found necessary by the Council’s delegated officer at the time of examination of the engineering plans or during construction of the development because of particular engineering requirements; and
  - to ensure compliance with the following conditions of approval.
2. Timing of Effect
  - 2.1 The conditions of the development permit must be complied with to the satisfaction of Council’s delegated officer prior to the endorsement of the plan of survey, except where specified otherwise in these conditions of approval.
3. General
  - 3.1 The applicant/developer is responsible for the cost of necessary alterations to existing public utility mains, services or installations required by works in relation to the proposed development or any works required by condition(s) of this approval.
  - 3.2 All payments or bonds required to be made to the Council pursuant to any condition of this approval must be made prior to the endorsement of the plan of survey and at the rate applicable at the time of payment.
  - 3.3 The developer must relocate (in accordance with FNQROC standards) any services such as water, sewer, drainage, telecommunications and electricity that are not wholly located within the lots that are being created/serviced where required by the relevant authority, unless approved by Council’s delegated officer.
  - 3.4 Where utilities (such as sewers on non-standard alignments) traverse lots to service another lot, easements must be created in favour of Council for access and maintenance purposes. The developer is to pay all costs (including Council’s legal expenses) to prepare and register the easement documents.
  - 3.5 Where approved existing buildings and structures are to be retained, setbacks to new property boundaries are to be in accordance with Planning Scheme requirements for the relevant structure and/or Queensland Development Code.

Where a structure is located in close proximity to a new property boundary, a plan demonstrating compliance must be submitted prior to endorsement of the plan of survey.

### 3.6 Charges

All outstanding rates, charges and expenses pertaining to the land are to be paid in full.

## 4. Infrastructure Services and Standards

4.1 An access crossover must be constructed (from the edge of the road pavement of Randazzo Road to the property boundary of proposed Lot 2) in accordance with the FNQROC Development Manual, to the satisfaction of Council's delegated officer.

### (D) ASSESSMENT MANAGER'S ADVICE

(a) A number of other charges or payments may be payable as conditions of approval. The applicable fee is set out in Council's Fees & Charges Schedule for each respective financial year.

#### (b) Endorsement Fees

Council charges a fee for the endorsement of a Survey Plan, Community Management Statements, easement documents, and covenants. The fee is set out in Council's Fees & Charges Schedule applicable for each respective financial year.

#### (c) Compliance with applicable codes/policies

The development must be carried out to ensure compliance with the provisions of Council's Local Laws, Planning Scheme Policies, Planning Scheme and Planning Scheme Codes to the extent they have not been varied by a condition of this approval.

#### (d) Environmental Protection and Biodiversity Conservation Act 1999

The applicant is advised that referral may be required under the *Environmental Protection and Biodiversity Conservation Act 1999* if the proposed activities are likely to have a significant impact on a matter of national environmental significance. Further information on these matters can be obtained from [www.dcceew.gov.au](http://www.dcceew.gov.au).

#### (e) Cultural Heritage

In carrying out the activity the applicant must take all reasonable and practicable measures to ensure that no harm is done to Aboriginal cultural heritage (the "cultural heritage duty of care"). The applicant will comply with the cultural heritage duty of care if the applicant acts in accordance with gazetted cultural heritage duty of care guidelines. An assessment of the proposed activity against the duty of care guidelines will determine whether or to what extent Aboriginal cultural heritage may be harmed by the activity. Further information on cultural heritage, together with a copy of the

duty of care guidelines and cultural heritage search forms, may be obtained from [www.dsdsatsip.qld.gov.au](http://www.dsdsatsip.qld.gov.au).

(f) Electric Ants
