**CARRIED**

## **1. Minimum Standards for Keeping of Animals**

The approval holder or any person responsible for the premises must:

- 1.1. Ensure the enclosure/s in which the animals are kept is cleaned regularly, and waste is disposed of in such a manner as not to create a nuisance to adjoining properties or be injurious or prejudicial to health; and
- 1.2. Take all reasonable steps to prevent the animals from making a noise or disturbance that causes a nuisance or disturbance to the occupiers of neighbouring properties; and
- 1.3. Ensure that any enclosure in which the animals are kept is properly maintained in
  - 1.3.1. a clean and sanitary condition; and
  - 1.3.2. an aesthetically acceptable condition; and
- 1.4. Ensure that the animals are wormed and vaccinated in accordance with the recommendations of the national veterinary association.

## **2. Enclosure Requirements**

- 2.1. The size of the area to be suitably fenced is to be appropriate to the species and breed of the animals to be enclosed, so as to effectively enclose the animals within the property at all times.
- 2.2. Suitably fenced means a fence which is constructed of strong and firm materials and designed in such a way as to prevent the animals from attacking a person or escaping over, under or through the fence.
- 2.3. In any case, a part of a building or structure that does not have openings through which an animal may escape may form part of the enclosure in lieu of fencing.
- 2.4. Where gates form part of the enclosure, they must be kept closed and latched except when in actual immediate use.

## **3. Air Quality**

- 3.1. All areas associated with the animal keeping activity must be managed to minimise nuisance and impacts caused by odour, dust or particulate matter at any sensitive place.
- 3.2. No odour associated with the animal keeping activity determined to be strong or very strong (4 to 5 intensity on German Standard VDI 3882 (1) (1992)) by Council's delegated officer is to impact upon any nearby sensitive receptor at any time, when assessed every 10 seconds over a 20 minute assessment period in one (1) location at the sensitive receptor. The odour will impact if it is determined to be present more than 25% of the 20 minute assessment period or detected at a strong or very strong intensity level more than 30 times during the 20 minute assessment period.
- 3.3. When instructed by Council, the approval holder must commission an odour/dust assessment to monitor and investigate any complaint of a nuisance. The monitoring will establish if the animal keeping activity complies with the relevant standards for odour and dust conditions determined in accordance with the Environmental Protection Policy (Air) 2008, and the monitoring data, analysis of that data and a

report must be provided within 10 business days of completion of the investigation, to the satisfaction of Council's delegated officer. Where the odour/dust assessment determines that the animal keeping activity is not in compliance with the Environmental Protection Policy (Air) 2008, it must recommend mitigation measures to bring the activity into compliance.

3.4. Any recommendations or mitigation measures outlined in the odour/dust assessment must be implemented where practically possible within 20 business days of receiving the report findings, to the satisfaction of Council's delegated officer.

#### **4. Noise Control**

4.1. The animal keeping activity must be managed in such a way as to prevent offensive noise levels being emitted beyond the boundaries of the subject site, as determined by Council's delegated officer.

4.2. When instructed by Council, the approval holder must commission a noise monitoring assessment to monitor and investigate any complaint of a nuisance. The monitoring will establish if the animal keeping activity complies with the relevant standards for noise output determined in accordance with the Environmental Protection Policy (Noise) 2008, and the monitoring data, analysis of that data and a report must be provided within 10 business days of completion of the investigation, to the satisfaction of Council's delegated officer. Where the noise monitoring assessment determines that the animal keeping activity is not in compliance with the Environmental Protection Policy (Noise) 2008, it must recommend mitigation measures to bring the activity into compliance.

4.3. Any recommendation or mitigation measures outlined in the noise monitoring assessment must be implemented where practically possible within 20 business days of receiving the report findings, to the satisfaction of Council's delegated officer.

These conditions may be modified or the Approval withdrawn at Council's discretion following due notice.

**CARRIED**
