## (C) ASSESSMENT MANAGER'S CONDITIONS (COUNCIL)

(a) Development assessable against the Planning Scheme**Material Change of Use aspect**

1. Development must be carried out substantially in accordance with the approved plans and the facts and circumstances of the use as submitted with the application, subject to any alterations:
  - found necessary by Council's delegated officer at the time of examination of the engineering plans or during construction of the development because of particular engineering requirements; and
  - to ensure compliance with the following conditions of approval.
2. Timing of Effect
  - 2.1 The conditions of the development permit must be complied with to the satisfaction of Council's delegated officer prior to the commencement of the use, except where specified otherwise in these conditions of approval.
  - 2.2 Prior to the commencement of use, the applicant must demonstrate to Council that all the conditions of the development permit have been complied with, except where specified otherwise in these conditions of approval.
3. General
  - 3.1 The development approval would not have been issued if not for the conditions requiring the construction of infrastructure or the additional payment condition/s within these conditions of approval.
  - 3.2 The applicant/developer is responsible for the cost of necessary alterations to existing public utility mains, services or installations required by works in relation to the proposed development or any works required by condition(s) of this approval.

3.3 All payments or bonds required to be made to the Council pursuant to any condition of this approval must be made prior to commencement of the use for each stage and at the rate applicable at the time of payment.

3.4 All works must be designed, constructed and carried out in accordance with FNQROC Development Manual requirements (as amended) and to the satisfaction of Council's delegated officer.

### 3.5 Waste Management

3.5.1 On site refuse storage area/s must be provided and be screened from view from adjoining properties and road reserve by 1 metre wide landscaped screening buffer or 1.8m high solid fence or building.

3.5.2 Where bulk bins are used and are to be serviced on site, prior to the issue of a development permit for building works, Council's delegated officer must be satisfied that internal access is of adequate design and construction to allow waste collection/delivery vehicles to enter and exit the site in a forward gear only.

### 3.6 Length of Stay

The maximum length of stay for guests must not typically exceed nine (9) consecutive months, unless otherwise approved by Council's delegated officer.

### 3.7 Accommodation Capacity

No more than 45 individual farm workers shall be accommodated on-site at any given time.

### 3.8 Notification of Potential Rural Zone Impacts

The applicant is to erect signage in plain sight and in large legible writing at the kitchen/dining area, recreational area, and on each accommodation building advising residents that the subject land is zoned Rural under the Mareeba Shire Council Planning Scheme 2016 and is in a rural locality. The signage should generally state the following:

*"Guests should take note:*

- *The locality may be used for intensive rural uses;*
- *Guests may experience off site effects from rural activities, including noise, sprays and dust that may cause a loss of residential amenity. Existing and/or self-assessable agricultural and rural uses in the locality have a 'right to farm' or a right to legally continue the use."*

3.9 Residents accommodated by the approved use must be farm workers only.

The applicant/developer or any subsequent landowner/operator must keep a logbook of all residents accommodated at the approved use which must include the dates of accommodation and the farm/s in which they were employed.

Any person not employed as a farm worker is not permitted to stay at the approved use.

4. Infrastructure Services and Standards

4.1 Access

The access crossover identified on the approved plan/s must be upgraded/constructed in accordance with FNQROC Development Manual standards, to the satisfaction of Council's delegated officer.

Access to the approved development is limited to the abovementioned access only. No guests, visitors or service vehicles are permitted to access the approved use via any other site access point.

4.2 Stormwater Drainage/Water Quality

4.2.1 The applicant/developer must take all necessary steps to ensure a non-worsening effect on surrounding land as a consequence of the development.

4.2.2 All stormwater drainage concentrated by the development must be collected from site and discharged to an approved legal point of discharge.

4.3 Car Parking/Internal Driveways

4.3.1 Prior to the commencement of the use, the applicant/developer must ensure the development is provided with five (5) minibus/van parking spaces which are available solely for the parking of vehicles associated with the approved use.

The parking spaces must be constructed to a compacted gravel standard, delineated and appropriately drained prior to the commencement of the use and must be maintained to this standard for the life of the development, to the satisfaction of Council's delegated officer.

4.3.3 All internal driveways servicing the development must be upgraded/constructed to a compacted gravel standard and maintained for the life of the development, to the satisfaction of Council's delegated officer.

#### 4.4 Water Supply

4.4.1 The development must be provided with a potable water supply that satisfies the standards for drinking water set by the Australian Drinking Water Guidelines 2004 (National Health and Medical Research Council and the National Resource Management Ministerial Council).

4.4.2 All non-potable water supplied to the development must be clearly labelled at each tap - Non-Potable Water - not safe for Human Consumption.

#### 4.5 On-Site Wastewater Management

All on site effluent disposal associated with the approved uses must be in compliance with the latest version of On-Site Domestic Wastewater Management Standard (AS/NZS 1547) to the satisfaction of the Council's delegated officer.

**Note:** Any on-site wastewater treatment system with a total daily peak design capacity of at least 21 equivalent persons (EP) is an Environmentally Relevant Activity (ERA 63 - Sewerage Treatment) and an Environmental Authority is required.

#### 5. Additional Payment Condition

5.1 The additional payment condition has been imposed as the development will create additional demand on trunk infrastructure which will create additional trunk infrastructure costs for council.

5.2 Prior to the commencement of the use, the applicant/developer must pay a one-off payment of \$4,700.00 toward trunk infrastructure with the amount of the contribution increased on 1 July each year in accordance with the increase for the PPI index for the period starting on the day the development approval takes effect, adjusted by reference to the 3-yearly PPI index average to the date of payment.

5.3 The trunk infrastructure for which the payment is required is:

- The trunk transport infrastructure servicing the land (roads)

5.4 The developer may elect to provide part of the trunk infrastructure instead of making the payments.

5.5 If the developer elects to provide part of the trunk infrastructure the developer must:

- Discuss with Council's delegated officer the part of the works to be undertaken;
- Obtain the necessary approvals for the part of the works;

- Indemnify the Council in relation to any actions, suits or demands relating to or arising from the works;
- Take out joint insurance in the name of the Council and the developer in the sum of \$20,000,000 in relation to the undertaking of the works;
- Comply with the reasonable direction of Council officers in relation to the completion of the works;
- Complete the works to the standards required by the Council; and
- Complete the works prior to the commencement of the use.

### **Reconfiguring a Lot aspect**

6. Development must be carried out generally in accordance with the approved plans and the facts and circumstances of the use as submitted with the application, subject to any alterations:
  - found necessary by Council's delegated officer at the time of examination of the engineering plans or during construction of the development because of particular engineering requirements; and
  - to ensure compliance with the following conditions of approval.

7. Timing of Effect

The conditions of the development permit must be complied with to the satisfaction of Council's delegated officer prior to the endorsement of the plan of survey, except where specified otherwise in these conditions of approval.

8. General

- 8.1 The development approval would not have been issued if not for the conditions requiring the construction of infrastructure or the payment of infrastructure charges/contributions contained within the conditions of approval.
- 8.2 The applicant/developer is responsible for the cost of necessary alterations to existing public utility mains, services or installations required by works in relation to the proposed development or any works required by condition(s) of this approval.
- 8.3 All payments required to be made to the Council (including contributions, charges and bonds) pursuant to any condition of this approval must be made prior the endorsement of the plan of survey and at the rate applicable at the time of payment.
- 8.4 The developer must relocate (in accordance with FNQROC standards) any services such as water, sewer, drainage, telecommunications and electricity that are not wholly located within the lots that are being created/serviced where required by the relevant authority unless approved by Council's delegated officer.

8.5 Where utilities (such as sewers on non-standard alignments) traverse lots to service another lot, easements must be created in favour of Council for access and maintenance purposes. The developer is to pay all costs (including Council's legal expenses) to prepare and register the easement documents.

8.6 Where approved existing buildings and structures are to be retained, setbacks to any new property boundaries are to be in accordance with the Queensland Development Code. Where existing building/s are in proximity to new property boundaries, a plan demonstrating compliance with the required setback must be submitted prior to endorsement of the plan of survey.

8.7 All works must be designed, constructed and carried out in accordance with FNQROC Development Manual requirements and to the satisfaction of Council's delegated officer.

8.8 Charges

All outstanding rates, charges and expenses pertaining to the land are to be paid in full.

## 9. Infrastructure Services and Standards

### 9.1 Access

The access crossover identified on the approved plan/s must be upgraded/constructed in accordance with FNQROC Development Manual standards, to the satisfaction of Council's delegated officer.

### 9.2 Access/Services/Drainage Easement

To provide for the shared access driveway, an easement/s must be established for the purposes of access, drainage, maintenance and servicing for Lots 1, 2 and 3.

The approved easement documents must be submitted at the same time the applicant/developer seeks endorsement of the plan of survey for the respective stage of the development and must be lodged and registered in the Department of Natural Resources, Mines and Energy in conjunction with the plan of survey.

## (D) ASSESSMENT MANAGER'S ADVICE

(a) A number of other charges or payments may be payable as conditions of approval. The applicable fee is set out in Council's Fees & Charges Schedule for each respective financial year.

(b) Easement Documents

Council has developed standard easement documentation to assist in the drafting of formal easement documents for Council easements. Please contact the Planning

Section for more information regarding the drafting of easement documents for Council easements.

(c) Endorsement Fees

Council charges a fee for the endorsement of Community Management Statements, easement documents, and covenants. The fee is set out in Council's Fees & Charges Schedule applicable for each respective financial year.

(d) The change in the use of the building may also require a change in the classification of the building under the Building Act. You are advised to contact a Building Certifier to establish if a change in the classification of the building is required.

(e) Compliance with applicable codes/policies

The development must be carried out to ensure compliance with the provisions of Council's Local Laws, Planning Scheme Policies, Planning Scheme and Planning Scheme Codes to the extent they have not been varied by a condition of this approval.

(f) Compliance with Acts and Regulations

The erection and use of the building must comply with the Building Act and all other relevant Acts, Regulations and Laws, and these approval conditions.

(g) Environmental Protection and Biodiversity Conservation Act 1999

The applicant is advised that referral may be required under the *Environmental Protection and Biodiversity Conservation Act 1999* if the proposed activities are likely to have a significant impact on a matter of national environmental significance. Further information on these matters can be obtained from [www.environment.gov.au](http://www.environment.gov.au).

(h) Cultural Heritage

In carrying out the activity the applicant must take all reasonable and practicable measures to ensure that no harm is done to Aboriginal cultural heritage (the "cultural heritage duty of care"). The applicant will comply with the cultural heritage duty of care if the applicant acts in accordance with gazetted cultural heritage duty of care guidelines. An assessment of the proposed activity against the duty of care guidelines will determine whether or to what extent Aboriginal cultural heritage may be harmed by the activity. Further information on cultural heritage, together with a copy of the duty of care guidelines and cultural heritage search forms, may be obtained from [www.datsip.qld.gov.au](http://www.datsip.qld.gov.au).
