Dear Sir

Material change of use – Motor Home Park (Self -Contained accommodation vehicles) Lot 1 on RP708214 situated at 59 Rogers Rd Biboohra

I Warren Cardew would like to formerly lodge an objection to the proposal of Material Change of Use for a Motor Home Park(Self-Contained accommodation vehicles) for 59 Rogers Rd. Our property, 25 Rogers Rd or Lot 1 on RP 711202 is adjacent to the proposed property. Our property and home access is directly on to Rogers Rd.

Rogers Rd is an unsealed dirt road which is only 25M from our front door. My main objection is to the amount of dust that would be generated from the increased traffic on the unsealed road which would greatly affect our quality of life. This area is zoned rural and as such have a limited traffic flow. Rogers Rd services only 3 properties and is also a dead end road. So traffic is limited, there are only 2 houses directly serviced by this unsealed road so traffic is limited to only 2 families.

The proposed material change could see traffic movements up to an extra 80 heavy vehicles per day for six months in the driest time of the year, which would mean our home would be engulfed in dust every time a RV or Caravan ensemble entered or exited the proposed Motor Park. This number is based on the maximum parks available for the proposed site. There is also the possibility of even more traffic movements when people access local shops for basic supplies and tourist activities.

This proposed material change of use is totally unacceptable unless Rogers Rd is sealed before any proposed development takes place. I would also ask the council to consider the use of speed bumps on the sealed road to slow the traffic near our house as we have small children staying with us on a regular basis. The wind due to the topography of the area blows from the North East predominately so any vehicle entering or exiting Rogers Rd the dust generated blows directly into our home.

I refer to Table 1 Strategic Outcomes – Development Response section f and r. The proposed development dismiss any impact on local residents, this is not the case as my family is directly affected by air pollution and traffic interaction.

I ask the planning department to a knowledge receiving this letter by return correspondence to P.O. Box 2050 Mareeba 4880 and to consider my objection.

Kind regards

Warren Cardew
