INFORMATION REQUEST

Has the applicant advised on the approved form that the applicant does not agree to accept an Information Request? No

A further Information Request is **made** by the assessment manager as detailed below:

1. Provide an assessment of the proposed development against the Agricultural land overlay code. Specifically, Performance Outcome PO6.

Note: Council officers believe the boundary realignment, as proposed, would result in the ultimate loss of productive capacity of approximately 1.6 hectares of mapped Class A agricultural land. This land would be transferred from a viable 65.13 hectare allotment (Lot 44) and transferred to an unviable rural lifestyle lot (Lot 47). In order to comply with PO6, Council officers are of the opinion that the smaller lifestyle lot (Lot 47) would need to remain at a size of 2 hectares.

End of Information Request

In responding to the Information Request, *Development Assessment Rule 13* states: -

"13. Applicants Response

- 13.1 The period for the applicant to respond to an information request is 3 months from the date the information request was made or a further period agreed between the applicant and the assessing authority that made the information request.

13.2 *The applicant may respond by giving the assessing authority that made the information request, within the period stated under section 13.1 -*

- (a) all of the information requested; or*
- (b) part of the information requested; or*
- (c) a notice that none of the information will be provided.*

13.3 *For any response given in accordance with sections 13.2(b) or (c), the applicant may also advise the assessing authority that it must proceed with its assessment of the application.*

13.4 *An applicant must provide a copy of any response to an information request made by a referral agency to the assessment manager."*
