Attention: Regional Planning Group

Dear Sir,

**RE: APPLICATION FOR RECONFIGURING A LOT – 1 LOT INTO 14 LOTS AND A BALANCE AREA
LOT 224 ON SP276715, 446 RAY ROAD, MAREEBA.**

This application is for a Reconfiguring a Lot – 1 Lot into 14 Lots and a Balance Area over land described as Lot 224 on SP276715, situated at 446 Ray Road, Mareeba.

The application comprises of Application Forms, SmartMaps, Twine Surveys Sketch Plan and Overall Development Plan and this Town Planning Submission. It is understood that the proponent will provide payment of the Application Fee with the Mareeba Shire Council.

The Site

The subject land is described as Lot 224 on SP276715 and is situated at 446 Ray Road, Mareeba. The site is owned by Wylandra Properties Pty Ltd the applicant for the proposed Reconfiguration. The site is FreeHold, comprises of a single FreeHold allotment, is irregular in shape, has an area of 141.5 hectares, contains frontage to Wylandra, Domenic and Gallo Drives, and Ray and George Fabris Roads, and encompasses vacant land. The subject site is the balance parcel of the existing Wylandra Estate.

The site is accessed via existing crossovers and the termination of the existing Road Networks with the proposed Reconfiguration proposing a new Road and not affecting the existing. The site is provided with all available services, being Reticulated Water, Electricity and Telecommunications with no changes to the existing infrastructure proposed. The subject site contains an existing Easement, being Easement A on RP851482 which is understood to be for the purposes of Electrical Infrastructure with no change to the existing Easement envisaged.

In relation to the current State Governmental Mapping the site is Not Mapped as containing Remnant Vegetation, Regrowth Vegetation or Essential Habitat nor is Mapped as containing a Referable Wetland. The site is not located within 25 metres of a State Controlled nor within 25 metres of a Railway Corridor. It is understood that the proposal does not require Referral to any State Agencies.

The Proposed Development

The proposed development is for a Reconfiguring a Lot – 1 Lot into 14 Lots and a Balance Area in the Rural Residential Zone's 4,000 m² Precinct of the Mareeba Shire Council's Planning Scheme. The site is located at 446 Ray Road, Mareeba and is more particularly described as Lot 224 on SP276715. The site is irregular in shape, has an area of 141.5 hectares and contains vacant land, being the Balance of Wylandra Estate.

A Development Permit is sought to subdivide Lot 224 on SP276715 creating fourteen (14) Rural Residential Allotments and a Balance Area within the existing Wylandra Estate and Mareeba's Southern Rural Residential Area. No change to the existing Rural Residential nature or character of the Zone is envisaged with the Reconfiguration. The proposal will provide for fourteen (14) additional Rural Residential Allotments while maintaining the existing amenities and aesthetics of the site. The proposed Reconfiguration is for the further development of the Rural Residential Area of Wylandra Estate in Mareeba and is considered acceptable and appropriate.

The Reconfiguration of a Lot proposes fourteen (14) Rural Residential Allotments, being the next Stage within the Wylandra Estate described as proposed Lots 172 – 177, 187 – 193, 215 and Balance Lot 500. The proposed areas of the allotments are:

Proposed Lot 172	4,127 m ²	Proposed Lot 189	4,004 m ²
Proposed Lot 173	4,008 m ²	Proposed Lot 190	4,004 m ²
Proposed Lot 174	4,000 m ²	Proposed Lot 191	4,000 m ²
Proposed Lot 175	4,000 m ²	Proposed Lot 192	4,000 m ²
Proposed Lot 176	4,000 m ²	Proposed Lot 193	4,000 m ²
Proposed Lot 177	4,000 m ²	Proposed Lot 215	4,173 m ²
Proposed Lot 187	4,000 m ²		
Proposed Lot 188	4,000 m ²	Balance Area Lot 500	134.1 Ha.

The site is accessed via existing crossovers and the termination of the existing Road Networks with the proposed Reconfiguration proposing a new Road and not affecting the existing. It is accepted that each allotment contains the safe provision of access to the newly proposed Road Network. The site is connected to all available services, being Water, Power and Telecommunications with each proposed Allotment able to be provided with the necessary services. No change to the existing is proposed, with each proposed allotment of sufficient size for the provision of an effective Effluent Disposal System and an appropriate level of Stormwater Disposal. The proposed Subdivision will ensure that no change to the existing nature, character and amenity of the site and surrounding area is envisaged.

The subject site contains an existing Easement, being Easement A on RP851482 which is understood to be for the purposes of Electrical Infrastructure with no change to the existing Easement envisaged. The Reconfiguration additionally proposes two (2) new Easements, being Easement AA and Easement AB which are for the purposes of Stormwater Drainage.

The proposed allotments are considered to appropriately meet the minimum area requirements, ensuring appropriate areas and dimensions for the provision of a dwelling unit on each allotment as required by the Mareeba Shire Council's Planning Scheme's Reconfiguring a Lot Code for allotments in the Rural Residential Zone's 4,000 m² Precinct. It is not considered that the proposed Reconfiguration will be detrimental to the adjacent sites or adversely impact on the surrounding area. It is considered that the Performance Outcomes of the Rural Residential Zone Code and the Reconfiguration of a Lot Code can be met in this instance.

The proposed Reconfiguration is located in the Rural Residential Zone's 4,000 m² Precinct of the Mareeba Shire Council's Planning Scheme. Reconfiguring a Lot is a Code Assessable Use within this Zone. The application is Code Assessable.

Far North Queensland Regional Plan 2009-2031

Lot 224 on SP276715 is identified as being in the Rural Living Area designation of the FNQ Regional Plan Mapping.

The proposal provides for a Rural Residential Subdivision located within the Rural Living Area designation. The Reconfiguration results in similar sizes to that of the immediate and surrounding vicinity. The proposal provides for the provision of additional allotments achieving greater population densities without affecting the existing natural environment in accordance with the Intent of the FNQ Regional Plan.

It is considered that the proposed Reconfiguration is not in conflict with the Intent for Rural Living Area designation in the FNQ Regional Plan 2009-2031.

Rural Residential Zone Code

The proposal is for a Development Permit for a Reconfiguring of 1 Lot into 14 Lots and a Balance Area is sought to provide additional Rural Residential Allotments within the surrounding Mareeba Environs. The proposal is for the next Stage within the Wylandra Rural Residential Estate. The site is designated within the Rural Residential Zone's 4,000 m² Precinct and no change to the existing Rural Residential Zone is proposed with the Reconfiguration. The proposal will maintain the existing amenities of the site and the surrounding properties.

No new buildings or structures are proposed with the Reconfiguration with any future dwellings or structures able to meet the Rural Residential Zone Code's requirements. The proposed Reconfiguration does not create allotments lesser than their designated Precinct. The site is surrounded by Rural Residential Allotments within Mareeba's Southern Rural Residential Area with no change to the existing is envisaged. The proposal is considered to comply with the purpose of the Rural Residential Zone as the provision of Rural Residential Allotments will ensure that the existing Uses and Rural Residential Uses will be provided over the site now and within the future. The proposed Reconfiguration will provide additional allotments while maintaining the existing amenities and aesthetics of the site.

The proposed Reconfiguration results in allotment sizes similar to those of the immediate vicinity and the surrounding Rural Residential Area. The proposal provides for an additional Rural Residential Allotment without affecting the existing character and nature of the Rural Residential Area. No change to the existing services is proposed with the Reconfiguration and any further development of any of the newly created Allotments can be provided with all available and necessary services, an appropriate level of effluent disposal, in addition to an appropriate level of Stormwater disposal at the time of construction of any dwelling associated with that Rural Residential Allotment.

It is not considered that the proposal is in conflict with the relevant aspects of the Rural Residential Zone Code. The proposal offers similar character and nature to what is existing whilst enhancing the existing character. The proposed next Rural Residential Stage within the Wylandra Estate is considered acceptable and appropriate.

Airports Environs Overlay Code

The site is located within the 3km Bird and Bat Zone of the Bird and Bat Strike Zones, within the 6km Light Intensity, and inside the Inner Horizontal Limitations Surface Boundary – Mareeba Overlay Mapping. No new buildings or structures are proposed with the Reconfiguration nor is a waste disposal site proposed. The proposal

has been meticulously designed not adversely affecting the site, immediate vicinity, or surrounds and is not considered to contribute to the potentially serious hazard from wildlife (bird or bat) strike and will ensure that potential food and waste sources are covered and collected so that they are not accessible to wildlife. The proposal is for the next Stage within the Wylandra Estate proposing Rural Residential Allotments similar to the existing Estate. It is considered that the Airports Environs Overlay Code is Not Applicable to the proposed Subdivision as the proposed Reconfiguration will not affect the Bird and Bat Strike Zone, Light Intensity Zone nor the Inner Horizontal Limitations Surface Boundary.

Bushfire Hazard Overlay Code

The site is Mapped as containing areas of Medium Potential Bushfire Intensity and Potential Impact Buffer within the Bushfire Hazard Overlay Mapping over the site. The proposal is for a Reconfiguration creating additional Rural Residential Allotments. No new buildings or structures are proposed with the Reconfiguration. Any future structures are able to be provided with appropriate setbacks and firebreaks if located within the Mapped Hazard. The proponents will ensure that maintenance and upkeep of the site will be maintained to ensure no build-up of hazardous materials and that existing or proposed firebreaks are maintained. It is not considered that the proposal will affect the Bushfire Hazard of the property as the site will ensure to remove any piling of fuel loads, contains existing firebreaks, and is provided with appropriate water sources. Any appropriate water source will contain sufficient storage of water for Firefighting Supply and will be provided with the appropriate connections where required.

Slope Overlay Code

The site is Mapped as containing a very minor area of Slope Hazard 15% or greater within the Slope Hazard Overlay Mapping. This Mapped area is provided within the Balance Area and not in proximity to any proposed development. No clearing is proposed and if any works are proposed over land greater than 15% a Geotechnical Report can be provided. It is considered that the Slope Overlay Code is Not Applicable to the proposed Reconfiguration.

Reconfiguration of a Lot Code

The proposal is for a Reconfiguring a Lot – 1 Lot into 14 Lots and Balance Area in the Rural Residential Zone's 4,000 m² Precinct of the of the Mareeba Shire Council's Planning Scheme. The proposal is sought to create fourteen (14) additional Rural Residential Allotment within the Wylandra Estate and Mareeba's Southern Rural Residential Area. The proposed Subdivision is to preserve the existing nature of the site and the immediate and surrounding amenity in accordance with the Mareeba Shire Council's Planning Scheme.

The minimum lot size in the Rural Residential Zone's 4,000 m² Precinct is 4,000 m² requiring a minimum frontage of 40 metres. Existing Lot 224 on SP276715 has an area of 141.5 hectares and frontage to the Wylandra, Domenic and Gallo Drives, and Ray and George Fabris Roads. The proposed Lots and areas are as follows:

Proposed Lot 172	4,127 m ²	Proposed Lot 189	4,004 m ²
Proposed Lot 173	4,008 m ²	Proposed Lot 190	4,004 m ²
Proposed Lot 174	4,000 m ²	Proposed Lot 191	4,000 m ²
Proposed Lot 175	4,000 m ²	Proposed Lot 192	4,000 m ²
Proposed Lot 176	4,000 m ²	Proposed Lot 193	4,000 m ²
Proposed Lot 177	4,000 m ²	Proposed Lot 215	4,173 m ²
Proposed Lot 187	4,000 m ²		
Proposed Lot 188	4,000 m ²	Balance Area Lot 500	134.1 Ha.

Each proposed allotment contains areas of, or greater than, the minimum requirements within the Code. The site gains access from the existing Road Network, with the proposal providing access via the proposed New Road Network connecting with Wylandra Drive. No change to any of the existing accesses and frontages are envisaged with the proposal. Each proposed Allotment contains a frontage of 46.10 metres or greater and it is accepted that each allotment contains the safe provision of access to the New Road Network without affecting the functioning of Wylandra Drive.

The site is connected to all available and necessary services with each individual allotment able to be connected to all available and necessary services. No change to the existing Infrastructure is proposed, with each proposed allotment of sufficient size for the provision of an effective Effluent Disposal System and an appropriate level of Stormwater Disposal. The proposed Subdivision will ensure that no change to the existing nature of the site and surrounding area is envisaged.

The proposed Reconfiguration results in the protection of the existing Rural Residential nature and character of the immediate and surrounding environs ensuring that Rural Residential Activities can be provided over the site now and within the future. The proposal is for the next Stage within the Wylandra Estate and no change to the nature and character of the Rural Residential Allotments is envisaged with the Reconfiguration.

The proposed allotments are considered to be appropriate and acceptable in area in relation to the Mareeba Shire Council's Planning Scheme Reconfiguring a Lot Code. It is not considered that the proposed Reconfiguration will be detrimental to the adjacent sites or adversely impact on the surrounding area. It is considered that the Performance Outcomes of the Reconfiguring a Lot Code can be met in this instance.

Works, Services and Infrastructure Code

The proposal is for a Reconfiguring a Lot – 1 Lot into 14 Lots and a Balance Area in the Rural Residential Zone's 4,000 m² Precinct within the Mareeba Shire Council's Planning Scheme. The site is connected to all available and necessary services. No change to the existing services is proposed with the Reconfiguration and any new Rural Residential Allotment will be provided with the same level of servicing in addition to being provided with an appropriate level of Stormwater disposal, at the time of construction of any Dwelling House. The proposed Subdivision will ensure that no change to the existing nature, character and amenity of the site and surrounding area is envisaged.

No Excavation or Filling is proposed with the Reconfiguration however, if any significant Excavation or Filling associated with the proposed Reconfiguration is required than any resultant earthworks will be provided as part of an Operational Works Application.

The subject site contains an existing Easement, being Easement A on RP851482 which is understood to be for the purposes of Electrical Infrastructure with no change to the existing Easement envisaged. The Reconfiguration additionally proposes two (2) new Easements, being Easement AA and Easement AB which are for the purposes of Stormwater Drainage.

It is considered that the proposed Reconfiguration complies with the Intent of the Works, Services, and Infrastructure Code.

Conclusion

It is considered that the proposed development being a Reconfiguring a Lot – 1 Lot into 14 Lots and a Balance Allotment over land described as Lot 224 on SP276715 is appropriate. In particular, the proposed development:

- ✚ Can meet the Acceptable Outcomes and Performance Outcomes relating to minimum allotment size and dimension;
- ✚ Ensures no change to the existing Rural Residential nature or character of the area is envisaged, and the Subdivision will ensure that the new allotments will remain to be used as existing or for Rural Residential Uses;
- ✚ Can meet the Performance Outcomes, Purposes and the Intent of the Reconfiguring a Lot Code for land included in the Rural Residential Zone, in particular the 4,000 m² Precinct;
- ✚ Is not in conflict with the Airports Environs, Bushfire Hazard, and Slope Overlays;
- ✚ Can meet the Intent and Objectives and Intent for the Rural Residential Zone;
- ✚ Meets the Objectives of the Land Use Policies and is not in conflict with the Intent of the Far North Queensland Regional Plan 2009 – 2031, in particular the Rural Living Designation; and
- ✚ Is for the next Stage within the Wylandra Rural Residential Estate, providing additional Rural Residential Allotments within Mareeba's Southern Rural Residential Area.

DA Form 1 – Development application details

Approved form (version 1.4 effective 15 December 2023) made under section 282 of the Planning Act 2016.

This form **must** be used to make a development application **involving code assessment or impact assessment**, except when applying for development involving only building work.

For a development application involving **building work only**, use *DA Form 2 – Building work details*.

For a development application involving **building work associated with any other type of assessable development (i.e. material change of use, operational work or reconfiguring a lot)**, use this form (*DA Form 1*) and parts 4 to 6 of *DA Form 2 – Building work details*.

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994*, and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*. For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

Note: All terms used in this form have the meaning given under the Planning Act 2016, the Planning Regulation 2017, or the Development Assessment Rules (DA Rules).

Section 2 – Further development details

7) Does the proposed development application involve any of the following?	
Material change of use	<input type="checkbox"/> Yes – complete division 1 if assessable against a local planning instrument
Reconfiguring a lot	<input checked="" type="checkbox"/> Yes – complete division 2
Operational work	<input type="checkbox"/> Yes – complete division 3
Building work	<input type="checkbox"/> Yes – complete <i>DA Form 2 – Building work details</i>

Division 1 – Material change of use

Note: This division is only required to be completed if any part of the development application involves a material change of use assessable against a local planning instrument.

8.1) Describe the proposed material change of use			
Provide a general description of the proposed use	Provide the planning scheme definition <i>(include each definition in a new row)</i>	Number of dwelling units <i>(if applicable)</i>	Gross floor area (m ²) <i>(if applicable)</i>

8.2) Does the proposed use involve the use of existing buildings on the premises?	
<input type="checkbox"/> Yes	
<input type="checkbox"/> No	

Division 2 – Reconfiguring a lot

Note: This division is only required to be completed if any part of the development application involves reconfiguring a lot.

9.1) What is the total number of existing lots making up the premises?	
1	

9.2) What is the nature of the lot reconfiguration? <i>(tick all applicable boxes)</i>	
<input checked="" type="checkbox"/> Subdivision <i>(complete 10)</i>	<input type="checkbox"/> Dividing land into parts by agreement <i>(complete 11)</i>
<input type="checkbox"/> Boundary realignment <i>(complete 12)</i>	<input type="checkbox"/> Creating or changing an easement giving access to a lot from a constructed road <i>(complete 13)</i>

10) Subdivision				
10.1) For this development, how many lots are being created and what is the intended use of those lots:				
Intended use of lots created	Residential	Commercial	Industrial	Other, please specify:
				Rural Residential
Number of lots created				14

10.2) Will the subdivision be staged?	
<input type="checkbox"/> Yes – provide additional details below	
<input checked="" type="checkbox"/> No	
How many stages will the works include?	
What stage(s) will this development application apply to?	

11) Dividing land into parts by agreement – how many parts are being created and what is the intended use of the parts?

Intended use of parts created	Residential	Commercial	Industrial	Other, please specify:
Number of parts created				

12) Boundary realignment

12.1) What are the current and proposed areas for each lot comprising the premises?

Current lot		Proposed lot	
Lot on plan description	Area (m ²)	Lot on plan description	Area (m ²)

12.2) What is the reason for the boundary realignment?

--

13) What are the dimensions and nature of any existing easements being changed and/or any proposed easement? (attach schedule if there are more than two easements)

Existing or proposed?	Width (m)	Length (m)	Purpose of the easement? (e.g. pedestrian access)	Identify the land/lot(s) benefitted by the easement

Division 3 – Operational work

Note: This division is only required to be completed if any part of the development application involves operational work.

14.1) What is the nature of the operational work?

<input type="checkbox"/> Road work	<input type="checkbox"/> Stormwater	<input type="checkbox"/> Water infrastructure
<input type="checkbox"/> Drainage work	<input type="checkbox"/> Earthworks	<input type="checkbox"/> Sewage infrastructure
<input type="checkbox"/> Landscaping	<input type="checkbox"/> Signage	<input type="checkbox"/> Clearing vegetation
<input type="checkbox"/> Other – please specify:		

14.2) Is the operational work necessary to facilitate the creation of new lots? (e.g. subdivision)

<input type="checkbox"/> Yes – specify number of new lots:	
<input type="checkbox"/> No	

14.3) What is the monetary value of the proposed operational work? (include GST, materials and labour)

\$

PART 4 – ASSESSMENT MANAGER DETAILS

15) Identify the assessment manager(s) who will be assessing this development application

Mareeba Shire Council

16) Has the local government agreed to apply a superseded planning scheme for this development application?
