

24 September 2024

Chief Executive Officer
Mareeba Shire Council
65 Rankin Street
MAREEBA QLD 4880

Attention - Planning Department – Brian Millard

Dear Brian,

**Reconfiguring a Lot (Boundary Realignment) – 148 Speewah Road Speewah & 84
Cardinia Boulevard Speewah**

Please find attached relevant documentation relating to the above application.

The application comprises the following:-

- DA Form 1 & Owner's Consent;
- Supporting Planning Submission & Proposal Plans; and
- Compliance Assessment of Applicable codes.

The prescribed application fee of \$1,205.00 will be paid by the Applicant. Please generate an invoice for this amount and issue to the Applicant at terryoneill@live.com.au who will arrange payment.

The following submission sets out details of the site and the proposed development along with the assessment of the proposal against the applicable benchmarks of the Planning Scheme.

Context

A Development Permit is sought for the reconfiguration of land (boundary realignment) between land described as Lot 784 on N157259 and Lot 9 on SP181514 located at 148 Speewah Road and 9 Cardinia Boulevard Speewah.

Lot 784 has a site area of 207.5 hectares and contained within the Rural zone while Lot 9 has a site area of 2.015 hectares and contained within the Rural residential zone within the Planning Scheme.

The proposed development does not trigger referral to the State Assessment & Referral Agency under the Planning Regulation 2017.

The realignment of the boundaries as proposed does not impact on the viability or fragment agricultural land. The purpose of the application is to formalise the use of Lot 9 to access Lot 784.

An approval is in place to reconfigure Lot 784 into two allotments. The proposed access arrangement will provide access to the western allotment being Lot 127.

Application Details

| Real Property Description: | Lot 784 on N157259 & Lot 9 on SP181514 |
| Location: | 148 Speewah Road Speewah & 84 Cardinia Boulevard Speewah |
| Tenure: | Freehold |
| Local Government Authority: | Mareeba Shire Council |
| Contaminated Land or Environmental Management Registers: | Nil |
| Easements and Encumbrances: | Nil |
| Proposal: | Reconfiguring a Lot (Boundary Realignment) |

Site

The site consists of two allotments being Lot 784 and Lot 9 with existing site areas of 207.5 hectares and 2.015 hectares respectively. Access to both allotments is provided via Cardinia Boulevard with access to Lot 784 being an informal access arrangement.

Being within the Rural residential zone, Lot 9 is improved by an existing residence and shed while Lot 784 is also improved by sheds and other structures located in the nominated building pad locations for each of the proposed allotments. While Lot 784 is contained within the Rural zone, limited opportunity exists for rural pursuits on the land.

A seasonal waterway traverses the eastern boundary of Lot 9. An unconstructed road reserve is also in place between Lot 9 and Lot 784.

Proposal

Approval is sought to realign the boundary of Lot 784 to include an area of land adjacent the eastern boundary of Lot 9 to facilitate access to Lot 784 from Cardinia Boulevard.

The boundary realignment seeks to include approximately 1800m² from Lot 9 and include within lot 784. The proposal has been configured in a manner which seeks to limit the area of land required from Lot 9 while also reflecting in part the existing alignment. As a consequence of limiting the area of land to be excised from Lot 9, the proposed driveway involves crossing the seasonal waterway in two locations.

As a consequence, proposed Lot 9 will have an area of 1.835 hectares and lot 784 will have an area of 207.683 hectares.

The proposed access arrangements have been brought about by constraints with accessing the property from the extension of Pandanus Place road reserve and the presence of the culvert crossing in the road reserve used to access an existing residence.

The proposed access arrangements will also do away with the need to use the road reserve adjacent the western boundary for those rural residential allotments along Cardinia Boulevard in order to access approved Lot 127.

A plan of subdivision detailing the proposed arrangements forms Attachment 2.

PLANNING CONTEXT

The planning context of the site is summarised as follows:

| | |
|---------------|---|
| Regional Plan | Regional Landscape & Rural Production Area & Rural Living |
| Local Plan | None Applicable |
| Zone | Rural & Rural Residential |
| Overlays | Bushfire Hazard (Medium Potential & Potential Impact Buffer) |
| | Environmental Significance (MSES , MSES Waterway & Waterway Buffer |
| | Hill & Slope Overlay |
| | Transport Infrastructure |

With regard to the State Planning Policy & the Regional Plan, it is submitted that the Planning Scheme for Mareeba Shire Council adequately reflects those requirements to the extent applicable to the proposed development.

With regard to the clearing of native vegetation, being another State Interest, the eastern portion of Lot 9 is identified as containing Category R (Reef Re-growth vegetation) with the remainder of Lot 9 mapped as Category X. Lot 784 contains Remnant Vegetation (Category B) however no vegetation clearing is proposed in Lot 784.

The proposal does not trigger referral with regard to regulated vegetation.

Map of Regulated vegetation

PLANNING CONSIDERATIONS

Planning Scheme

The following discussion identifies the codes applicable to the development and provides commentary with respect to the assessment benchmarks and performance outcomes.

From a review of the Planning Scheme, the following codes are identified as being relevant to the reconfiguration of land as proposed:-

- Rural zone code;
- Rural Residential zone code;
- Reconfiguring a lot code;
- Environmental Significance overlay code;
- Hill & Slopes overlay code;
- Bushfire overlay code;
- Parking & access code;
- Works, services and infrastructure code

Having regard to the nature of the proposed development and the existing use of the allotments and improvements, the principle consideration with respect to the proposed development is the Reconfiguring a Lot code, Environmental Significance overlay code and the Works, services and infrastructure overlay code.

An assessment against these principle codes forms Attachment 3.

While the other codes are nominated as applicable codes, the nature of the development proposed renders these codes as having little to no applicability.

Conclusion

This submission provides a description of the site, the proposed subdivision and addresses Council's requirements and expectations with respect to the nature of the development proposed.

This submission demonstrates that the proposal complies with the overall purpose and outcomes for the rural zone having regard to the nature and characteristics of the land to be reconfigured and the applicable overlay codes.

The proposed development remains consistent with the outcomes sought for the Rural residential and Rural zone while providing a more practical and logical access to Lot 784.

It would be appreciated if draft conditions could be forwarded for review and discussion prior to finalising the decision.

The proposed development has planning merit and the application is recommended to Council for approval.

Yours Sincerely

Neil Beck
Town Planner
0477006782

Attachments

1. DA Form 1 & Owner's Consent
2. Proposal Plan
3. Assessment Against Applicable Codes

ATTACHMENT 1 - DA FORM 1 & OWNER'S CONSENT

DA Form 1 – Development application details

Approved form (version 1.6 effective 2 August 2024) made under section 282 of the Planning Act 2016.

This form **must** be used to make a development application **involving code assessment or impact assessment**, except when applying for development involving only building work.

For a development application involving **building work only**, use *DA Form 2 – Building work details*.

For a development application involving **building work associated with any other type of assessable development (i.e. material change of use, operational work or reconfiguring a lot)**, use this form (*DA Form 1*) and parts 4 to 6 of *DA Form 2 – Building work details*.

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

Note: All terms used in this form have the meaning given under the Planning Act 2016, the Planning Regulation 2017, or the Development Assessment Rules (DA Rules).

PART 1 – APPLICANT DETAILS

| 1) Applicant details | |
|--|----------------------|
| Applicant name(s) <i>(individual or company full name)</i> | TERRY O'NEILL |
| Contact name <i>(only applicable for companies)</i> | C/- NEIL BECK |
| Postal address <i>(P.O. Box or street address)</i> | 32 YARUN CLOSE |
| Suburb | WONGA BEACH |
| State | QLD |
| Postcode | 4873 |
| Country | AUSTRALIA |
| Contact number | 0477006782 |
| Email address <i>(non-mandatory)</i> | NEILRB11@OUTLOOK.COM |
| Mobile number <i>(non-mandatory)</i> | 0477006782 |
| Fax number <i>(non-mandatory)</i> | - |
| Applicant's reference number(s) <i>(if applicable)</i> | - |

1.1) Home-based business

Personal details to remain private in accordance with section 264(6) of *Planning Act 2016*

2) Owner's consent

2.1) Is written consent of the owner required for this development application?

Yes – the written consent of the owner(s) is attached to this development application

No – proceed to 3)

PART 2 – LOCATION DETAILS

3) Location of the premises (complete 3.1) or 3.2), and 3.3) as applicable)

Note: Provide details below and attach a site plan for any or all premises part of the development application. For further information, see DA Forms Guide: Relevant plans.

3.1) Street address and lot on plan

- Street address **AND** lot on plan (all lots must be listed), **or**
 Street address **AND** lot on plan for an adjoining or adjacent property of the premises (appropriate for development in water but adjoining or adjacent to land e.g. jetty, pontoon. All lots must be listed).

| | | | | |
|----|----------|------------|------------------------------------|--------------------------|
| a) | Unit No. | Street No. | Street Name and Type | Suburb |
| | | 148 | SPEEWAH ROAD | SPEEWAH |
| | Postcode | Lot No. | Plan Type and Number (e.g. RP, SP) | Local Government Area(s) |
| | | 784 | N157259 | MAREEBA SHIRE COUNCIL |
| b) | Unit No. | Street No. | Street Name and Type | Suburb |
| | | 84 | CARDINIA BOULEVARD | SPEEWAH |
| | Postcode | Lot No. | Plan Type and Number (e.g. RP, SP) | Local Government Area(s) |
| | | 9 | SP181514 | MAREEBA SHIRE COUNCIL |

3.2) Coordinates of premises (appropriate for development in remote areas, over part of a lot or in water not adjoining or adjacent to land e.g. channel dredging in Moreton Bay)

Note: Place each set of coordinates in a separate row.

- Coordinates of premises by longitude and latitude

| Longitude(s) | Latitude(s) | Datum | Local Government Area(s) (if applicable) |
|--------------|-------------|--|--|
| | | <input type="checkbox"/> WGS84 <input type="checkbox"/> GDA94 <input type="checkbox"/> Other: <input type="text"/> | |

- Coordinates of premises by easting and northing

| Easting(s) | Northing(s) | Zone Ref. | Datum | Local Government Area(s) (if applicable) |
|------------|-------------|---|--|--|
| | | <input type="checkbox"/> 54 <input type="checkbox"/> 55 <input type="checkbox"/> 56 | <input type="checkbox"/> WGS84 <input type="checkbox"/> GDA94 <input type="checkbox"/> Other: <input type="text"/> | |

3.3) Additional premises

- Additional premises are relevant to this development application and the details of these premises have been attached in a schedule to this development application
 Not required

4) Identify any of the following that apply to the premises and provide any relevant details

- In or adjacent to a water body or watercourse or in or above an aquifer

Name of water body, watercourse or aquifer:

- On strategic port land under the *Transport Infrastructure Act 1994*

Lot on plan description of strategic port land:

Name of port authority for the lot:

- In a tidal area

Name of local government for the tidal area (if applicable):

Name of port authority for tidal area (if applicable):

| |
|---|
| <input type="checkbox"/> On airport land under the <i>Airport Assets (Restructuring and Disposal) Act 2008</i> |
| Name of airport: <input type="text"/> |
| <input type="checkbox"/> Listed on the Environmental Management Register (EMR) under the <i>Environmental Protection Act 1994</i> |
| EMR site identification: <input type="text"/> |
| <input type="checkbox"/> Listed on the Contaminated Land Register (CLR) under the <i>Environmental Protection Act 1994</i> |
| CLR site identification: <input type="text"/> |

5) Are there any existing easements over the premises?

Note: Easement uses vary throughout Queensland and are to be identified correctly and accurately. For further information on easements and how they may affect the proposed development, see [DA Forms Guide](#).

- Yes – All easement locations, types and dimensions are included in plans submitted with this development application
- No

PART 3 – DEVELOPMENT DETAILS

Section 1 – Aspects of development

6.1) Provide details about the first development aspect

a) What is the type of development? *(tick only one box)*

- Material change of use Reconfiguring a lot Operational work Building work

b) What is the approval type? *(tick only one box)*

- Development permit Preliminary approval Preliminary approval that includes a variation approval

c) What is the level of assessment?

- Code assessment Impact assessment *(requires public notification)*

d) Provide a brief description of the proposal *(e.g. 6 unit apartment building defined as multi-unit dwelling, reconfiguration of 1 lot into 3 lots):*

BOUNDARY REALIGNMENT

e) Relevant plans

Note: *Relevant plans are required to be submitted for all aspects of this development application. For further information, see [DA Forms guide: Relevant plans](#).*

- Relevant plans of the proposed development are attached to the development application

6.2) Provide details about the second development aspect

a) What is the type of development? *(tick only one box)*

- Material change of use Reconfiguring a lot Operational work Building work

b) What is the approval type? *(tick only one box)*

- Development permit Preliminary approval Preliminary approval that includes a variation approval

c) What is the level of assessment?

- Code assessment Impact assessment *(requires public notification)*

d) Provide a brief description of the proposal *(e.g. 6 unit apartment building defined as multi-unit dwelling, reconfiguration of 1 lot into 3 lots):*

e) Relevant plans

Note: *Relevant plans are required to be submitted for all aspects of this development application. For further information, see [DA Forms Guide: Relevant plans](#).*

- Relevant plans of the proposed development are attached to the development application

6.3) Additional aspects of development

- Additional aspects of development are relevant to this development application and the details for these aspects that would be required under Part 3 Section 1 of this form have been attached to this development application
- Not required

6.4) Is the application for State facilitated development?

- Yes - Has a notice of declaration been given by the Minister?
- No

Section 2 – Further development details**7) Does the proposed development application involve any of the following?**

| | |
|------------------------|--|
| Material change of use | <input type="checkbox"/> Yes – complete division 1 if assessable against a local planning instrument |
| Reconfiguring a lot | <input checked="" type="checkbox"/> Yes – complete division 2 |
| Operational work | <input type="checkbox"/> Yes – complete division 3 |
| Building work | <input type="checkbox"/> Yes – complete <i>DA Form 2 – Building work details</i> |

Division 1 – Material change of use

Note: This division is only required to be completed if any part of the development application involves a material change of use assessable against a local planning instrument.

8.1) Describe the proposed material change of use

| Provide a general description of the proposed use | Provide the planning scheme definition <i>(include each definition in a new row)</i> | Number of dwelling units <i>(if applicable)</i> | Gross floor area (m ²) <i>(if applicable)</i> |
|---|---|--|--|
| | | | |
| | | | |
| | | | |

8.2) Does the proposed use involve the use of existing buildings on the premises?

- Yes
- No

8.3) Does the proposed development relate to temporary accepted development under the Planning Regulation?

| | |
|---|---|
| <input type="checkbox"/> Yes – provide details below or include details in a schedule to this development application | |
| <input type="checkbox"/> No | |
| Provide a general description of the temporary accepted development | Specify the stated period dates under the Planning Regulation |
| | |

Division 2 – Reconfiguring a lot

Note: This division is only required to be completed if any part of the development application involves reconfiguring a lot.

9.1) What is the total number of existing lots making up the premises?

TWO LOTS

9.2) What is the nature of the lot reconfiguration? *(tick all applicable boxes)*

| | |
|---|---|
| <input type="checkbox"/> Subdivision <i>(complete 10)</i> | <input type="checkbox"/> Dividing land into parts by agreement <i>(complete 11)</i> |
| <input checked="" type="checkbox"/> Boundary realignment <i>(complete 12)</i> | <input type="checkbox"/> Creating or changing an easement giving access to a lot from a constructed road <i>(complete 13)</i> |

14.3) What is the monetary value of the proposed operational work? (include GST, materials and labour)

\$

PART 4 – ASSESSMENT MANAGER DETAILS

15) Identify the assessment manager(s) who will be assessing this development application

MAREEBA SHIRE COUNCIL

16) Has the local government agreed to apply a superseded planning scheme for this development application?

- Yes – a copy of the decision notice is attached to this development application
- The local government is taken to have agreed to the superseded planning scheme request – relevant documents attached
- No

PART 5 – REFERRAL DETAILS

17) Does this development application include any aspects that have any referral requirements?

Note: A development application will require referral if prescribed by the Planning Regulation 2017.

- No, there are no referral requirements relevant to any development aspects identified in this development application – proceed to Part 6

Matters requiring referral to the **Chief Executive of the Planning Act 2016:**

- Clearing native vegetation
- Contaminated land (*unexploded ordnance*)
- Environmentally relevant activities (ERA) (*only if the ERA has not been devolved to a local government*)
- Fisheries – aquaculture
- Fisheries – declared fish habitat area
- Fisheries – marine plants
- Fisheries – waterway barrier works
- Hazardous chemical facilities
- Heritage places – Queensland heritage place (*on or near a Queensland heritage place*)
- Infrastructure-related referrals – designated premises
- Infrastructure-related referrals – state transport infrastructure
- Infrastructure-related referrals – State transport corridor and future State transport corridor
- Infrastructure-related referrals – State-controlled transport tunnels and future state-controlled transport tunnels
- Infrastructure-related referrals – near a state-controlled road intersection
- Koala habitat in SEQ region – interfering with koala habitat in koala habitat areas outside koala priority areas
- Koala habitat in SEQ region – key resource areas
- Ports – Brisbane core port land – near a State transport corridor or future State transport corridor
- Ports – Brisbane core port land – environmentally relevant activity (ERA)
- Ports – Brisbane core port land – tidal works or work in a coastal management district
- Ports – Brisbane core port land – hazardous chemical facility
- Ports – Brisbane core port land – taking or interfering with water
- Ports – Brisbane core port land – referable dams
- Ports – Brisbane core port land – fisheries
- Ports – Land within Port of Brisbane's port limits (*below high-water mark*)
- SEQ development area
- SEQ regional landscape and rural production area or SEQ rural living area – tourist activity or sport and recreation activity
- SEQ regional landscape and rural production area or SEQ rural living area – community activity
- SEQ regional landscape and rural production area or SEQ rural living area – indoor recreation
- SEQ regional landscape and rural production area or SEQ rural living area – urban activity
- SEQ regional landscape and rural production area or SEQ rural living area – combined use
- SEQ northern inter-urban break – tourist activity or sport and recreation activity

- SEQ northern inter-urban break – community activity
- SEQ northern inter-urban break – indoor recreation
- SEQ northern inter-urban break – urban activity
- SEQ northern inter-urban break – combined use
- Tidal works or works in a coastal management district
- Reconfiguring a lot in a coastal management district or for a canal
- Erosion prone area in a coastal management district
- Urban design
- Water-related development – taking or interfering with water
- Water-related development – removing quarry material *(from a watercourse or lake)*
- Water-related development – referable dams
- Water-related development – levees *(category 3 levees only)*
- Wetland protection area

Matters requiring referral to the local government:

- Airport land
- Environmentally relevant activities (ERA) *(only if the ERA has been devolved to local government)*
- Heritage places – Local heritage places

Matters requiring referral to the Chief Executive of the distribution entity or transmission entity:

- Infrastructure-related referrals – Electricity infrastructure

Matters requiring referral to:

- The **Chief Executive of the holder of the licence**, if not an individual
- The **holder of the licence**, if the holder of the licence is an individual
- Infrastructure-related referrals – Oil and gas infrastructure

Matters requiring referral to the Brisbane City Council:

- Ports – Brisbane core port land

Matters requiring referral to the Minister responsible for administering the Transport Infrastructure Act 1994:

- Ports – Brisbane core port land *(where inconsistent with the Brisbane port LUP for transport reasons)*
- Ports – Strategic port land

Matters requiring referral to the relevant port operator, if applicant is not port operator:

- Ports – Land within Port of Brisbane's port limits *(below high-water mark)*

Matters requiring referral to the Chief Executive of the relevant port authority:

- Ports – Land within limits of another port *(below high-water mark)*

Matters requiring referral to the Gold Coast Waterways Authority:

- Tidal works or work in a coastal management district *(in Gold Coast waters)*

Matters requiring referral to the Queensland Fire and Emergency Service:

- Tidal works or work in a coastal management district *(involving a marina (more than six vessel berths))*

18) Has any referral agency provided a referral response for this development application?

- Yes – referral response(s) received and listed below are attached to this development application
- No

| Referral requirement | Referral agency | Date of referral response |
|----------------------|-----------------|---------------------------|
| | | |
| | | |

Identify and describe any changes made to the proposed development application that was the subject of the referral response and this development application, or include details in a schedule to this development application *(if applicable)*.

PART 6 – INFORMATION REQUEST

19) Information request under the DA Rules

- I agree to receive an information request if determined necessary for this development application
 I do not agree to accept an information request for this development application

Note: By not agreeing to accept an information request I, the applicant, acknowledge:

- that this development application will be assessed and decided based on the information provided when making this development application and the assessment manager and any referral agencies relevant to the development application are not obligated under the DA Rules to accept any additional information provided by the applicant for the development application unless agreed to by the relevant parties
- Part 3 under Chapter 1 of the DA Rules will still apply if the application is an application listed under section 11.3 of the DA Rules or
- Part 2 under Chapter 2 of the DA Rules will still apply if the application is for state facilitated development

Further advice about information requests is contained in the [DA Forms Guide](#).

PART 7 – FURTHER DETAILS

20) Are there any associated development applications or current approvals? (e.g. a preliminary approval)

- Yes – provide details below or include details in a schedule to this development application
 No

| List of approval/development application references | Reference number | Date | Assessment manager |
|---|------------------|--------------|--------------------|
| <input type="checkbox"/> Approval <input type="checkbox"/> Development application | RAL/18/0032 | 21 JUNE 2019 | MSC |
| <input type="checkbox"/> Approval <input type="checkbox"/> Development application | | | |

21) Has the portable long service leave levy been paid? (only applicable to development applications involving building work or operational work)

- Yes – a copy of the receipted QLeave form is attached to this development application
 No – I, the applicant will provide evidence that the portable long service leave levy has been paid before the assessment manager decides the development application. I acknowledge that the assessment manager may give a development approval only if I provide evidence that the portable long service leave levy has been paid
 Not applicable (e.g. building and construction work is less than \$150,000 excluding GST)

| Amount paid | Date paid (dd/mm/yy) | QLeave levy number (A, B or E) |
|-------------|----------------------|--------------------------------|
| \$ | | |

22) Is this development application in response to a show cause notice or required as a result of an enforcement notice?

- Yes – show cause or enforcement notice is attached
 No

23) Further legislative requirements

Environmentally relevant activities

23.1) Is this development application also taken to be an application for an environmental authority for an **Environmentally Relevant Activity (ERA)** under section 115 of the *Environmental Protection Act 1994*?

- Yes – the required attachment (form ESR/2015/1791) for an application for an environmental authority accompanies this development application, and details are provided in the table below
- No

Note: Application for an environmental authority can be found by searching “ESR/2015/1791” as a search term at www.qld.gov.au. An ERA requires an environmental authority to operate. See www.business.qld.gov.au for further information.

| | | | |
|----------------------|--|-------------------------|--|
| Proposed ERA number: | | Proposed ERA threshold: | |
| Proposed ERA name: | | | |

- Multiple ERAs are applicable to this development application and the details have been attached in a schedule to this development application.

Hazardous chemical facilities

23.2) Is this development application for a **hazardous chemical facility**?

- Yes – *Form 536: Notification of a facility exceeding 10% of schedule 15 threshold* is attached to this development application
- No

Note: See www.business.qld.gov.au for further information about hazardous chemical notifications.

Clearing native vegetation

23.3) Does this development application involve **clearing native vegetation** that requires written confirmation that the chief executive of the *Vegetation Management Act 1999* is satisfied the clearing is for a relevant purpose under section 22A of the *Vegetation Management Act 1999*?

- Yes – this development application includes written confirmation from the chief executive of the *Vegetation Management Act 1999* (s22A determination)
- No

Note: 1. Where a development application for operational work or material change of use requires a s22A determination and this is not included, the development application is prohibited development.
2. See <https://www.qld.gov.au/environment/land/vegetation/applying> for further information on how to obtain a s22A determination.

Environmental offsets

23.4) Is this development application taken to be a prescribed activity that may have a significant residual impact on a **prescribed environmental matter** under the *Environmental Offsets Act 2014*?

- Yes – I acknowledge that an environmental offset must be provided for any prescribed activity assessed as having a significant residual impact on a prescribed environmental matter
- No

Note: The environmental offset section of the Queensland Government's website can be accessed at www.qld.gov.au for further information on environmental offsets.

Koala habitat in SEQ Region

23.5) Does this development application involve a material change of use, reconfiguring a lot or operational work which is assessable development under Schedule 10, Part 10 of the Planning Regulation 2017?

- Yes – the development application involves premises in the koala habitat area in the koala priority area
- Yes – the development application involves premises in the koala habitat area outside the koala priority area
- No

Note: If a koala habitat area determination has been obtained for this premises and is current over the land, it should be provided as part of this development application. See koala habitat area guidance materials at www.desi.qld.gov.au for further information.

Water resources

23.6) Does this development application involve **taking or interfering with underground water through an artesian or subartesian bore, taking or interfering with water in a watercourse, lake or spring, or taking overland flow water under the *Water Act 2000***?

Yes – the relevant template is completed and attached to this development application and I acknowledge that a relevant authorisation or licence under the *Water Act 2000* may be required prior to commencing development

No

Note: Contact the Department of Resources at www.resources.qld.gov.au for further information.

DA templates are available from planning.statedevelopment.qld.gov.au. If the development application involves:

- Taking or interfering with underground water through an artesian or subartesian bore: complete DA Form 1 Template 1
- Taking or interfering with water in a watercourse, lake or spring: complete DA Form 1 Template 2
- Taking overland flow water: complete DA Form 1 Template 3.

Waterway barrier works

23.7) Does this application involve **waterway barrier works**?

Yes – the relevant template is completed and attached to this development application

No

DA templates are available from planning.statedevelopment.qld.gov.au. For a development application involving waterway barrier works, complete DA Form 1 Template 4.

Marine activities

23.8) Does this development application involve **aquaculture, works within a declared fish habitat area or removal, disturbance or destruction of marine plants**?

Yes – an associated *resource* allocation authority is attached to this development application, if required under the *Fisheries Act 1994*

No

Note: See guidance materials at www.daf.qld.gov.au for further information.

Quarry materials from a watercourse or lake

23.9) Does this development application involve the **removal of quarry materials from a watercourse or lake under the *Water Act 2000***?

Yes – I acknowledge that a quarry material allocation notice must be obtained prior to commencing development

No

Note: Contact the Department of Resources at www.resources.qld.gov.au and www.business.qld.gov.au for further information.

Quarry materials from land under tidal waters

23.10) Does this development application involve the **removal of quarry materials from land under tidal water under the *Coastal Protection and Management Act 1995***?

Yes – I acknowledge that a quarry material allocation notice must be obtained prior to commencing development

No

Note: Contact the Department of Environment, Science and Innovation at www.desi.qld.gov.au for further information.

Referable dams

23.11) Does this development application involve a **referable dam** required to be failure impact assessed under section 343 of the *Water Supply (Safety and Reliability) Act 2008* (the *Water Supply Act*)?

Yes – the 'Notice Accepting a Failure Impact Assessment' from the chief executive administering the *Water Supply Act* is attached to this development application

No

Note: See guidance materials at www.resources.qld.gov.au for further information.

Tidal work or development within a coastal management district

23.12) Does this development application involve **tidal work or development in a coastal management district**?

- Yes – the following is included with this development application:
- Evidence the proposal meets the code for assessable development that is prescribed tidal work (*only required if application involves prescribed tidal work*)
 - A certificate of title

No

Note: See guidance materials at www.desi.qld.gov.au for further information.

Queensland and local heritage places

23.13) Does this development application propose development on or adjoining a place entered in the **Queensland heritage register** or on a place entered in a local government's **Local Heritage Register**?

Yes – details of the heritage place are provided in the table below

No

Note: See guidance materials at www.desi.qld.gov.au for information requirements regarding development of Queensland heritage places.

For a heritage place that has cultural heritage significance as a local heritage place and a Queensland heritage place, provisions are in place under the Planning Act 2016 that limit a local categorising instrument from including an assessment benchmark about the effect or impact of, development on the stated cultural heritage significance of that place. See guidance materials at www.planning.statedevelopment.qld.gov.au for information regarding assessment of Queensland heritage places.

Name of the heritage place:

Place ID:

Decision under section 62 of the Transport Infrastructure Act 1994

23.14) Does this development application involve new or changed access to a state-controlled road?

Yes – this application will be taken to be an application for a decision under section 62 of the *Transport Infrastructure Act 1994* (subject to the conditions in section 75 of the *Transport Infrastructure Act 1994* being satisfied)

No

Walkable neighbourhoods assessment benchmarks under Schedule 12A of the Planning Regulation

23.15) Does this development application involve reconfiguring a lot into 2 or more lots in certain residential zones (except rural residential zones), where at least one road is created or extended?

Yes – Schedule 12A is applicable to the development application and the assessment benchmarks contained in schedule 12A have been considered

No

Note: See guidance materials at www.planning.statedevelopment.qld.gov.au for further information.

PART 8 – CHECKLIST AND APPLICANT DECLARATION

24) Development application checklist

I have identified the assessment manager in question 15 and all relevant referral requirement(s) in question 17

Yes

Note: See the *Planning Regulation 2017* for referral requirements

If building work is associated with the proposed development, Parts 4 to 6 of [DA Form 2 – Building work details](#) have been completed and attached to this development application

Yes

Not applicable

Supporting information addressing any applicable assessment benchmarks is with the development application

Note: This is a mandatory requirement and includes any relevant templates under question 23, a planning report and any technical reports required by the relevant categorising instruments (e.g. local government planning schemes, State Planning Policy, State Development Assessment Provisions). For further information, see [DA Forms Guide: Planning Report Template](#).

Yes

Relevant plans of the development are attached to this development application

Note: Relevant plans are required to be submitted for all aspects of this development application. For further information, see [DA Forms Guide: Relevant plans](#).

Yes

The portable long service leave levy for QLeave has been paid, or will be paid before a development permit is issued (see 21)

Yes

Not applicable

**Queensland
Government**

25) Applicant declaration

- By making this development application, I declare that all information in this development application is true and correct
- Where an email address is provided in Part 1 of this form, I consent to receive future electronic communications from the assessment manager and any referral agency for the development application where written information is required or permitted pursuant to sections 11 and 12 of the *Electronic Transactions Act 2001*

Note: It is unlawful to intentionally provide false or misleading information.

Privacy – Personal information collected in this form will be used by the assessment manager and/or chosen assessment manager, any relevant referral agency and/or building certifier (including any professional advisers which may be engaged by those entities) while processing, assessing and deciding the development application. All information relating to this development application may be available for inspection and purchase, and/or published on the assessment manager's and/or referral agency's website.

Personal information will not be disclosed for a purpose unrelated to the *Planning Act 2016*, Planning Regulation 2017 and the DA Rules except where:

- such disclosure is in accordance with the provisions about public access to documents contained in the *Planning Act 2016* and the Planning Regulation 2017, and the access rules made under the *Planning Act 2016* and Planning Regulation 2017; or
- required by other legislation (including the *Right to Information Act 2009*); or
- otherwise required by law.

This information may be stored in relevant databases. The information collected will be retained as required by the *Public Records Act 2002*.

PART 9 – FOR COMPLETION OF THE ASSESSMENT MANAGER – FOR OFFICE USE ONLY

Date received: Reference number(s):

Notification of engagement of alternative assessment manager

ATTACHMENT 3 - ASSESSMENT AGAINST PRINCIPLE CODES

9.4.4 Reconfiguring a lot code

9.4.4.1 Application

- (1) This code applies to assessing development where:
 - (a) for Reconfiguring a lot; and
 - (b) it is identified in the assessment benchmarks for assessable development and requirements for accepted development column of an assessment table in Part 5 of the planning scheme.

9.4.4.2 Purpose

- (1) The purpose of the Reconfiguring a lot code is to ensure that land is:
 - (a) arranged in a manner which is consistent with the intended scale and intensity of development within the area;
 - (b) provided with access to appropriate movement and open space networks; and
 - (c) contributes to housing diversity and accommodates a range of land uses.
- (2) The purpose of the code will be achieved through the following overall outcomes:
 - (a) Subdivision of land achieves the efficient use of land and the efficient provision of infrastructure and transport services;
 - (b) Lots are of a suitable size and shape for the intended or potential use having regard to the purpose and overall outcomes of the relevant zone or precinct.
 - (c) Subdivision of land creates lots with sufficient area and dimensions to accommodate the ultimate use, meet user requirements, protect environmental features and account for site constraints;
 - (d) A range and mix of lot sizes is provided to facilitate a variety of industry and housing types;
 - (e) Subdivision design incorporates a road network that provides connectivity and circulation for vehicles and provide safe and efficient access for pedestrians, cyclists and public transport;
 - (f) Subdivision design provides opportunities for walking and cycling for recreation and as alternative methods of travel;
 - (g) Subdivision of land provides and integrates a range of functional parkland, including local and district parks and open space links for the use and enjoyment of the residents of the locality and the shire;
 - (h) Subdivision of land contributes to an open space network that achieves connectivity along riparian corridors and between areas with conservation values;
 - (i) Subdivision within the Rural zone maintains lots equal to or larger than 60ha, except for where:
 - (a) The subdivision results in no additional lots (boundary realignment) and does not create an additional *rural lifestyle* lot or *rural residential purposes* lot; or
 - (b) The subdivision is limited to the creation of one additional allotment to accommodate a *public reconfiguration purpose*;
 - (j) Land in historical townships is not reconfigured to be used for urban purposes; and
 - (k) Residential subdivision and greenfield development is designed to consider and respect:
 - i. topography;
 - ii. climate responsive design and solar orientation;
 - iii. efficient and sustainable infrastructure provision;
 - iv. environmental values;
 - v. water sensitive urban design;
 - vi. good quality agricultural land; and
 - vii. the character and scale of surrounding development.

9.4.4.3 Criteria for assessment

Table 9.4.4.3A—Reconfiguring a lot code – For assessable development

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|---|--|----------|---|
| Area and frontage of lots – except for Rural zone | | | |
| <p>PO1 Lots include an area and frontage that:</p> <ul style="list-style-type: none"> (a) is consistent with the design of lots in the surrounding area; (b) allows the desired amenity of the zone to be achieved; (c) is able to accommodate all buildings, structures and works associated with the intended land use; (d) allow the site to be provided with sufficient access; (e) considers the proximity of the land to: <ul style="list-style-type: none"> (i) centres; (ii) public transport services; and (iii) open space; and (f) allows for the protection of environmental features; and (g) accommodates site constraints. | <p>AO1.1 Lots provide a minimum area and frontage in accordance with Table 9.4.4.3B.</p> | ✓ | <p>No concerns raised. Allotments will continue to be used for existing purposes.</p> <p>The proposed access will not impact on other properties.</p> |
| Area and frontage of lots – Rural zone | | | |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|--|--|----------|---|
| <p>PO1.1 No lots are created with an area of less than 60ha, except for where:</p> <p>(a) The subdivision results in no additional lots (boundary realignment) and does not create an additional <i>rural lifestyle</i> lot or <i>rural residential purposes</i> lot; or</p> <p>(b) The subdivision is limited to the creation of one additional allotment to accommodate a <i>public reconfiguration</i> purpose.</p> <p>Note: This also applies to applications for boundary realignment.</p> | <p>AO1.1 No acceptable outcome is provided.</p> | ✓ | <p>Proposal is a boundary realignment. Large rural land holding being maintained</p> |
| <p>PO1.2 Where for a boundary realignment, the realignment only occurs where it would:</p> <p>(a) Improve agricultural efficiency; or</p> <p>(b) Facilitate agricultural activity or conservation outcomes; or</p> <p>(c) Resolve boundary issues where a house, structure or works is built over the boundary line of the lots.</p> | <p>AO1.2 No acceptable outcome is provided.</p> | ✓ | <p>Boundary realignment seeks to formalise existing access arrangement albeit on a slightly different alignment</p> |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|---|--|----------|---|
| <p>PO1.3 Where for a boundary realignment, the proposed lots are:</p> <ul style="list-style-type: none"> (a) Able to accommodate all buildings, structures and works associated with the rural use; (b) Suitable to allow the site to be provided with sufficient access; (c) Include enough space within the new lots to accommodate buffers from adjoining land uses to mitigate adverse impacts such as chemical spray drift, odour, noise, fire, smoke and ash; (d) Do not constrain existing industries from expanding or new agricultural enterprises from being established; (e) Do not create new lots for <i>rural lifestyle</i> or <i>rural residential purposes</i>; and (f) Are not for the purposes of creating a separate house lot. | <p>AO1.3 No acceptable outcome is provided.</p> | <p>✓</p> | <p>Refer to attached proposal plan</p> |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|--|--|----------|----------|
| <p>PO1.4 Where for the creation of one additional lot to accommodate a <i>public reconfiguration purpose</i>:</p> <p>(a) The lot has sufficient area to be able to accommodate all buildings, structures and works associated with the intended use; and</p> <p>(b) The intended use commences on the lot prior to its creation, or a statutory covenant is registered on the title restricting the future use of the lot to the intended purpose.</p> | <p>AO1.4 No acceptable outcome is provided.</p> | N/A | N/A |
| <p>PO1.5 Reconfiguring a lot that is severed by a gazetted road and that uses the road as the boundary of division only occurs where:</p> <p>(a) The subdivision divides one lot into two; and</p> <p>(b) The existing lot is severed by a road that was gazetted before 9 May 2008; and</p> <p>(c) The resulting lot boundaries use the road as the boundary of division; and</p> <p>(d) The development:</p> <p>(i) facilitates agricultural activity; or</p> <p>(ii) facilitates conservation outcomes; and</p> <p>(e) The development ensures agricultural activity is not compromised.</p> | <p>AO1.5 No acceptable outcome is provided.</p> | N/A | N/A |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|--|--|----------|-------------------------------|
| PO1.6 All lots include a frontage that allows the site to be provided with sufficient access. | AO1.6 Lots provided a minimum frontage is accordance with Table 9.4.4.3B | ✓ | Refer to attached plan |
| Existing buildings and easements | | | |
| PO2 Reconfiguring a lot which contains existing land uses or existing buildings and structures ensures: (a) new lots are of sufficient area and dimensions to accommodate existing land uses, buildings and structures; and (b) any continuing use is not compromised by the reconfiguration. | AO2.1 Each land use and associated infrastructure is contained within its individual lot. | ✓ | Complies |
| | AO2.2 All lots containing existing buildings and structures achieve the setback requirements of the relevant zone. | ✓ | Complies |
| PO3 Reconfiguring a lot which contains an existing easement ensures: (a) future buildings, structures and accessways are able to be sited to avoid the easement; and (b) the reconfiguration does not compromise the purpose of the easement or the continued operation of any infrastructure contained within the easement. | AO3 No acceptable outcome is provided. | N/A | N/A |
| Boundary realignment | | | |
| PO4 The boundary realignment retains all attendant and existing infrastructure connections and potential connections. | AO4 No acceptable outcome is provided. | ✓ | Complies |
| Access and road network | | | |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|---|--|----------|---|
| <p>PO5 Access to a reconfigured lot (including driveways and paths) must not have an adverse impact on:</p> <ul style="list-style-type: none"> (a) safety; (b) drainage; (c) visual amenity; (d) privacy of adjoining premises; and (e) service provision. | <p>AO5 No acceptable outcome is provided.</p> | ✓ | <p>New alignment of access is not anticipated to impact on the adjoining allotment to the east</p> |
| <p>PO6 Reconfiguring a lot ensures that access to a lot can be provided that:</p> <ul style="list-style-type: none"> (a) is consistent with that provided in the surrounding area; (b) maximises efficiency and safety; and (c) is consistent with the nature of the intended use of the lot. <p>Note—The Parking and access code should be considered in demonstrating compliance with PO6.</p> | <p>AO6 Vehicle crossover and access is provided in accordance with the design guidelines and specifications set out in Planning Scheme Policy 4 – FNQROC Regional Development Manual.</p> | ✓ | <p>Can be conditioned to comply</p> |
| <p>PO7 Roads in the Industry zone are designed having regard to:</p> <ul style="list-style-type: none"> (a) the intended use of the lots; (b) the existing use of surrounding land; (c) the vehicular servicing requirements of the intended use; (d) the movement and turning requirements of B-Double vehicles. <p>Note—The Parking and access code should be considered in demonstrating compliance with PO7.</p> | <p>AO7 No acceptable outcome is provided.</p> | N/A | N/A |
| Rear lots | | | |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|--|--|----------|---|
| PO8 Rear lots are designed to: (a) provide a high standard of amenity for residents and other users of the site; (b) provide a high standard of amenity for adjoining properties; and (c) not adversely affect the safety and efficiency of the road from which access is gained. | AO8.1 Rear lots are designed to facilitate development that adjoins or overlooks a park or open space. | ✓ | Large rural allotment with other road frontages |
| | AO8.2 No more than two rear lots are created behind any lot with a road frontage. | ✓ | Complies |
| | AO8.3 Access to lots is via an access strip with a minimum width of: (a) 4 metres where in the Low density residential zone or Medium density residential zone; or (b) 8 metres otherwise. | ✓ | The width of the access will vary in order to provide practical access and avoid vegetation damage. |
| | AO8.4 A single access strip is provided to a rear lot along one side of the lot with direct frontage to the street. Note—Figure A provides further guidance in relation to the desired outcome. | ✓ | Complies |
| | AO8.5 No more than 1 in 10 lots created in a new subdivision are rear lots. | N/A | N/A |
| | AO8.6 Rear lots are not created in the Centre zone or the Industry zone. | N/A | N/A |
| Crime prevention and community safety | | | |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|--|---|----------|--|
| <p>PO9 Development includes design features which enhance public safety and seek to prevent opportunities for crime, having regard to:</p> <ul style="list-style-type: none"> (a) sightlines; (b) the existing and intended pedestrian movement network; (c) the existing and intended land use pattern; and (d) potential entrapment locations. | <p>AO9 No acceptable outcome is provided.</p> | N/A | Not relevant in this circumstance |
| Pedestrian and cycle movement network | | | |
| <p>PO10 Reconfiguring a lot must assist in the implementation of a Pedestrian and cycle movement network to achieve safe, attractive and efficient pedestrian and cycle networks.</p> | <p>AO10 No acceptable outcome is provided.</p> | N/A | Not relevant in this circumstance |
| Public transport network | | | |
| <p>PO11 Where a site includes or adjoins a future public transport corridor or future public transport site identified through a structure planning process, development:</p> <ul style="list-style-type: none"> (a) does not prejudice the future provision of the identified infrastructure; (b) appropriately treats the common boundary with the future corridor; and (c) provides opportunities to integrate with the adjoining corridor where a it will include an element which will attract pedestrian movement. | <p>AO11 No acceptable outcome is provided.</p> | N/A | Not relevant in this circumstance |
| Residential subdivision | | | |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|--|---|----------|-----------------|
| <p>PO12 Residential lots are:</p> <ul style="list-style-type: none"> (a) provided in a variety of sizes to accommodate housing choice and diversity; and (b) located to increase variety and avoid large areas of similar lot sizes. | <p>AO12 No acceptable outcome is provided.</p> | N/A | |
| Rural residential zone | | | |
| <p>PO13 New lots are only created in the Rural residential zone where land is located within the 4,000m² precinct, the 1 hectare precinct or the 2 hectare precinct.</p> | <p>AO13 No acceptable outcome is provided.</p> | ✓ | Complies |
| Additional provisions for greenfield development only | | | |
| <p>PO14 The subdivision design provides the new community with a local identity by responding to:</p> <ul style="list-style-type: none"> (a) site context (b) site characteristics (c) setting (d) landmarks (e) natural features; and (f) views. | <p>AO14 No acceptable outcome provided.</p> | N/A | N/A |
| <p>PO15 The road network is designed to provide a high level of connectivity, permeability and circulation for local vehicles, public transport, pedestrians and cyclists.</p> | <p>AO15 No acceptable outcome provided.</p> | | |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|--|--|----------|----------|
| <p>PO16 The road network is designed to:</p> <ul style="list-style-type: none"> (a) minimise the number of cul-de-sacs; (b) provide walkable catchments for all residents in cul-de-sacs; and (c) include open cul-de-sacs heads. <p>Note—Figure B provides further guidance in relation to the desired outcome.</p> | <p>AO16 No acceptable outcome provided.</p> | | |
| <p>PO17 Reconfiguring a lot provides safe and convenient access to the existing or future public transport network.</p> | <p>AO17 The subdivision locates 90% of lots within 400 metres walking distance of a future public transport route.</p> | | |
| <p>PO18 The staging of the lot reconfiguration prioritises delivery of link roads to facilitate efficient bus routes.</p> | <p>AO18 No acceptable outcome provided.</p> | | |
| <p>PO19 Provision is made for sufficient open space to:</p> <ul style="list-style-type: none"> (a) meet the needs of the occupiers of the lots and to ensure that the environmental and scenic values of the area are protected; (b) retain riparian corridors, significant vegetation and habitat areas and provides linkages between those areas; and (c) meet regional, district and neighbourhood open space requirements. | <p>AO19.1 A minimum of 10% of the site area is dedicated as open space.</p> | | |
| | <p>AO19.2 A maximum of 30% of the proposed open space can consist of land identified as significant vegetation or riparian corridor buffer.</p> | | |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|--|---|----------|----------|
| <p>PO20 A network of parks and community land is provided:</p> <p>(a) to support a full range of recreational and sporting activities;</p> <p>(b) to ensure adequate pedestrian, cycle and vehicle access;</p> <p>(c) which is supported by appropriate infrastructure and embellishments;</p> <p>(d) to facilitate links between public open spaces;</p> <p>(e) which is co-located with other existing or proposed community infrastructure;</p> <p>(f) which is consistent with the preferred open space network; and</p> <p>(g) which includes a diversity of settings;</p> | <p>AO20 No acceptable outcome is provided.</p> | | |

Table 9.4.4.3B—Minimum area and dimensions for Reconfiguring a lot

| Zone | Type | Minimum area | Minimum frontage |
|----------------------------|--|---------------------|------------------|
| Centre | All lots | 800m ² | 20 metres |
| Community facilities | All lots | Not specified | Not specified |
| Conservation | All lots | Not specified | Not specified |
| Emerging community | All lots | 10 hectares | 100 metres |
| Low density residential | Where greenfield development and connected to reticulated water and sewerage | | |
| | Rear lot | 800m ² | 5 metres |
| | All other lots | 350m ² | 10 metres |
| | Where connected to reticulated water and sewerage | | |
| | Rear lot | 800m ² | 5 metres |
| | All other lots | 600m ² | 16 metres |
| | Where connected to reticulated water | | |
| | Rear lot | 1,000m ² | 5 metres |
| Medium density residential | Rear lot | 600m ² | 5 metres |
| | All other lots | 400m ² | 10 metres |
| Industry | All lots | 1,500m ² | 45 metres |

9.4.5 Works, services and infrastructure code

9.4.5.1 Application

- (1) This code applies to assessing development where it is identified in the assessment benchmarks for assessable development and requirements for accepted development column of an assessment table in Part 5 of the planning scheme.

9.4.5.2 Purpose

- (1) The purpose of the Works, services and infrastructure code is to ensure that all development is appropriately serviced by physical infrastructure, public utilities and services and that work associated with development is carried out in a manner that does not adversely impact on the surrounding area.
- (2) The purpose of the code will be achieved through the following overall outcomes:
 - (a) Development provides an adequate, safe and reliable supply of potable, fire-fighting and general use water in accordance with relevant standards;
 - (b) Development provides for the treatment and disposal of wastewater and ensures there are no adverse impacts on water quality, public health, local amenity or ecological processes;
 - (c) Development provides for the disposal of stormwater and ensures that there are no adverse impacts on water quality or ecological processes;
 - (d) Development connects to the road network and any adjoining public transport, pedestrian and cycle networks while ensuring no adverse impacts on the safe, convenient and efficient operation of these networks;
 - (e) Development provides electricity and telecommunications services that meet its desired requirements;
 - (f) Development is connected to a nearby electricity network with adequate capacity without significant environment, social or amenity impact;
 - (g) Development does not affect the efficient functioning of public utility mains, services or installations;
 - (h) Infrastructure dedicated to Council is cost effective over its life cycle;
 - (i) Work associated with development does not cause adverse impacts on the surrounding area; and
 - (j) Development prevents the spread of weeds, seeds or other pests.

9.4.5.3 Criteria for assessment

Table 9.4.5.3 - Works, services and infrastructure code – For accepted development subject to requirements and assessable development

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|--|---------------------|----------|----------|
| For accepted development subject to requirements and assessable development | | | |
| Water supply | | | |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|---|--|----------|------------------------------------|
| <p>PO1 Each lot has an adequate volume and supply of water that:</p> <ul style="list-style-type: none"> (a) meets the needs of users; (b) is adequate for fire-fighting purposes; (c) ensures the health, safety and convenience of the community; and (d) minimises adverse impacts on the receiving environment. | <p>AO1.1 Development is connected to a reticulated water supply system in accordance with the Design Guidelines and Specifications set out in the Planning Scheme Policy 4 – FNQROC Regional Development Manual other than where located:</p> <ul style="list-style-type: none"> (a) in the Conservation zone, Rural zone or Rural residential zone; and (b) outside a reticulated water supply service area. | ✓ | Outside of reticulated area |
| | <p>AO1.2 Development, where located outside a reticulated water supply service area and in the Conservation zone, Rural zone or Rural residential zone is provided with:</p> <ul style="list-style-type: none"> (a) a bore or bores are provided in accordance with the Design Guidelines set out in the Planning Scheme Policy 4 – FNQROC Regional Development Manual; or (b) on-site water storage tank/s: <ul style="list-style-type: none"> (i) with a minimum capacity of 90,000L; (ii) fitted with a 50mm ball valve with a camlock fitting; and (iii) which are installed and connected prior to the occupation or use of the development. | N/A | Boundary Realignment |

| <p>PO16 Development is located and designed to ensure that users and nearby sensitive land uses are not exposed to unacceptable levels of contaminants</p> | <p>AO16 Development is located where: (a) soils are not contaminated by pollutants which represent a health or safety risk to users; or (b) contaminated soils are remediated prior to plan sealing, operational works permit, or issuing of building works permit.</p> | N/A | N/A |
| Fire services in developments accessed by common private title | | | |
| <p>PO17 Fire hydrants are located in positions that will enable fire services to access water safely, effectively and efficiently.</p> | <p>AO17.1 Fire hydrants are located in accessways or private roads held in common private title at a maximum spacing of: (a) 120 metres for residential development; and (b) 90 metres for any other development.</p> | N/A | N/A |
| | <p>AO17.2 Fire hydrants are located at all intersections of accessways or private roads held in common private title.</p> | | |

8.2.4 Environmental significance overlay code

8.2.4.1 Application

- (1) This code applies to assessing development where:
 - (a) land the subject of development is affected by a constraint category identified on the **Environmental significance overlay maps (OM-004a-z)**; and
 - (b) it is identified in the assessment benchmarks for assessable development and requirements for accepted development column of an assessment table in Part 5 of the planning scheme.

Note—Biodiversity and Water quality are appropriately reflected in Overlay Map 4 and is required to be mapped by State Government in response to Environment and Heritage State Interests.

8.2.4.2 Purpose

- (1) The purpose of the Environmental significance overlay code is to identify and protect matters of environmental significance, which include matters of state environmental significance (MSES) as defined under the state planning policy.

The Environmental significance overlay code ensures that:

- (a) waterways and high ecological significance wetlands are protected and enhanced to maintain ecosystem services and hydrological processes and provide aquatic habitat for flora and fauna; and
 - (b) the environmental values of regulated vegetation, wildlife habitat, protected areas and legally secured offset areas are protected and managed.
- (2) The purpose of the code will be achieved through the following overall outcomes:
 - (a) the biodiversity values, ecosystem services and climate change resilience of areas of environmental significance are protected, managed, enhanced and rehabilitated;
 - (b) the biodiversity values of protected areas and legally secured offset areas are protected from development unless overriding community need is demonstrated;
 - (c) development is located, designed and managed to minimise the edge effects of development on areas of regulated vegetation and wildlife habitat;
 - (d) areas of regulated vegetation and wildlife habitat are managed to minimise biodiversity losses;
 - (e) development maintains, protects and enhances a regional network of vegetated corridors that assist in wildlife movement and contribute to the maintenance of habitat and biological diversity;
 - (f) development is appropriately setback from waterways and high ecological significance wetlands to minimise direct and indirect impacts on water quality and biodiversity; and
 - (g) riparian vegetation and vegetation associated with high ecological significance wetlands is protected and enhanced to improve water quality and natural ecosystem function.

8.2.4.3 Criteria for assessment

Table 8.2.4.3A - Environmental significance overlay code - For accepted development subject to requirements and assessable development

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|---|---|----------|--|
| For accepted development subject to requirements and assessable development | | | |
| Regulated vegetation | | | |
| <p>PO1 Vegetation clearing in areas mapped as 'Regulated vegetation' identified on the Environmental Significance Overlay Maps (OM-004a-o) is avoided unless:</p> <p>(a) it is demonstrated that the area does not support regulated vegetation as mapped;</p> <p>(b) the loss or reduction in regulated vegetation is for community infrastructure and associated access facilities that cannot be avoided;</p> <p>(c) wildlife interconnectivity is maintained or enhanced at a local and regional scale; and</p> <p>(d) the loss or reduction in regulated vegetation is minimised and any residual impacts are offset.</p> <p>Note—A supporting Ecological Assessment Report is prepared in accordance with Planning Scheme Policy 2 – Ecological Assessment Reports.</p> | <p>AO1.1 No clearing of native vegetation is undertaken within areas of 'Regulated vegetation' identified on the Environmental Significance Overlay Maps (OM-004a-o).</p> | x | <p>The proposal does involve some vegetation clearing and therefore compliance with the A)1.1 is not achieved. However compliance with PO1(d) is achieved as the alignment of the access way seeks to reduce the extent of clearing as much as practically possible while also intersecting the waterway a right angles to reduce the footprint of the works as much as possible.</p> |
| <p>PO2 Development on sites adjacent to areas of 'Regulated vegetation' identified on the Environmental Significance Overlay Maps (OM-004a-o) protects the environmental significance of regulated vegetation and:</p> <p>(a) does not interrupt, interfere, alter or otherwise impact on underlying natural</p> | <p>AO2 Development (excluding roads, earthworks, drainage infrastructure and underground infrastructure) is not located within 20 metres of 'Regulated vegetation' areas identified on the Environmental Significance Overlay Maps (OM-004a-o).</p> | ✓ | <p>The works are limited to driveway works and culvert crossings associated with the crossing of the seasonal waterway.</p> |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|---|---|----------|---|
| <p>ecosystem processes such as water quality, hydrology, geomorphology and biophysical processes;</p> <p>(b) does not negatively impact the movement of wildlife at a local or regional scale; and</p> <p>(c) avoids noise, light, vibration or other edge affects, including weed and pest incursion on identified environmental values.</p> <p>Note—A supporting Ecological Assessment Report is prepared in accordance with Planning Scheme Policy 2 – Ecological Assessment Reports.</p> | | | |
| Regulated vegetation intersecting a watercourse | | | |
| <p>PO3 Vegetation clearing in areas mapped as ‘Regulated vegetation intersecting a watercourse’, identified as ‘Waterway’ and ‘Waterway buffer’ on the Environmental Significance - Waterway Overlay Maps (OM-004p-z) is avoided unless wildlife interconnectivity between habitats is maintained or enhanced at a local and regional scale, to the extent that migration or normal movement of significant species between habitats or normal gene flow between populations is not inhibited.</p> <p>Note—A supporting Ecological Assessment Report is prepared in accordance with Planning Scheme Policy 2 – Ecological Assessment Reports.</p> | <p>Where within a ‘Waterway buffer’ on Environmental Significance - Waterway Overlay Maps (OM-004p-z)</p> <p>AO3.1 A minimum setback in accordance with Table 8.2.4.3B is provided between development and the top of the high bank of a ‘Waterway’ identified on the Environmental Significance - Waterway Overlay Maps (OM-004p-z).</p> | × | <p>Does not comply with AO. However due to the nature of the development and alignment of the access, the works are located within 10m of the top of high bank</p> <p>The construction of the access track does not inhibit wildlife corridors as animals and the like can still traverse the area and therefore compliance with the outcomes of PO3 is maintained.</p> |
| | <p>Where within a ‘Waterway buffer’ on Environmental Significance - Waterway Overlay Maps (OM-004p-z)</p> <p>AO3.2 No clearing of native vegetation is undertaken within the minimum setback identified at AO3.1.</p> | × | <p>Refer to comments above. Vegetation is required to be removed to accommodate the access, however the alignment of the access will limit the extent of vegetation clearing as much as possible.</p> |
| Waterways and wetlands | | | |

| Performance outcomes | Acceptable outcomes | Complies | Comments |
|---|--|------------|------------|
