Dear Sir,

**RE: APPLICATION FOR RECONFIGURATION OF A LOT – BOUNDARY REALIGNMENT
LOT 52 ON SP273688 AND LOT 200 ON SP292105, 18 KAROBEAN DRIVE AND EMERALD END
ROAD, MAREEBA.**

This application is for a Reconfiguration of a Lot – Boundary Realignment over land described as Lot 52 on SP273688 and Lot 200 on SP292105, situated at 18 Karobean Drive and Emerald End Road, Mareeba is submitted on behalf of BTM & S STANKOVICH Pty Ltd the applicant of the proposed Reconfiguration.

The application comprises of Application Forms, SmartMaps, Twine Surveys Sketch Plan, and this Town Planning Submission. It is understood that the proponent will provide \$995.00 in payment of the Application Fee over the counter at the Mareeba Shire Council.

The Site

The subject land is described as Lot 52 on SP273688 and Lot 200 on SP292105, Locality of Mareeba and situated at 18 Karobean Drive and Emerald End Road, Mareeba. The site is owned by E C Leonard and BTM & S STANKOVICH Pty Ltd, with BTM & S STANKOVICH Pty Ltd being the applicant for the proposed Reconfiguration. The site encompasses two (2) allotments, is FreeHold, irregular in shape, has an area of 9.2989 hectares, contains frontage to the Karobean Drive, Dandaloo and Merindah Closes and Hastie and Emerald End Roads and encompasses a Dwelling House, structures (Sales Hut) and vacant land.

The site is access from the existing Road Network being Karobean Drive, the termination of Dandaloo and Merindah Closes and Hastie and Emerald End Roads. The site is provided with all urban services.

In relation to the current State Governmental Mapping the site is Not Mapped as containing Remnant Vegetation, Regrowth Vegetation and Essential Habitat nor is the site designated as including a Referable Wetland or Wetland Protection Area. The site is not located within 25 metres of a State Controlled Road nor within 25 metres of a Railway Corridor. The proposal is not considered to require Referral to any State Agency.

Lot 200 on SP292105

Existing Lot 200 on SP292105 currently contains a Development Approval (Development Application DA/17/0010) for a Reconfiguration of a Lot – Subdivision of 1 Lot into 28 Lots and Drainage/Balance Area). The Boundary Realignment is to include Approved Lot 53 to existing Lot 52's land stock, without affecting any other part of the Development Approval. It is considered that no change to the existing Development Approval is envisaged with this proposed Boundary Realignment.

The Proposed Development

The proposed development is for a Boundary Realignment between two allotments in the Low Density Residential Zone of the Mareeba Shire Planning Scheme. The allotments are located at 18 Karobean Drive and Hastie and Emerald End Roads, Mareeba and are more particularly described as Lot 52 on SP273688 and Lot 200 on SP292105. The site has an area of 9.2989 hectares, contains frontage to the Karobean Drive, Dandaloo and Merindah Closes and Emerald End Road and encompasses a Dwelling House, existing structures and vacant land.

A Development Permit for a Boundary Realignment is sought to realign the common boundaries resulting in a larger Residential Allotment for existing Lot 52. The proposal results in the increase of the smaller Residential Allotment, Lot 52, by 937 m².

The site is connected to all available services and no change to the existing services are proposed with the Boundary Realignment. The proposed Realignment of the common boundaries will ensure that no change to the existing Residential nature of the site and surrounding area is envisaged. The site gains access from the existing Road Network being Karobean Drive, the termination of Dandaloo and Merindah Closes and Hastie and Emerald End Roads via existing crossovers with no change to the existing accesses, Dwelling House or structures envisaged with the Realignment.

The existing areas of the allotments are:

Lot 52 on SP273688	1,082 m ²
Lot 200 on SP292105	9.191 ha.

The Boundary Realignment proposes new allotments, described as Lots 52 and 200. The proposed areas of these allotments are:

Proposed Lot 52	2,019 m ²
Proposed Lot 200	9.022 ha.

The proposed allotments meet the minimum area requirements of the Mareeba Shire Council's Planning Scheme's Reconfiguration of a Lot Code for allotments in the Low Density Residential Zone. It is not considered that the proposed Reconfiguration will be detrimental to the adjacent sites or adversely impact on the surrounding area. It is considered that the Performance Outcomes of the both the Low Density Residential Zone Code and the Reconfiguration of a Lot Code can be met in this instance.

The site is located in the Low Density Residential Zone of the Mareeba Shire Council's Planning Scheme. Reconfiguration of a Lot is a Code Assessable Use within this Zone. The application is Code Assessable.

Far North Queensland Regional Plan 2009-2031

Lot 52 on SP273688 and Lot 200 on SP292105 are identified as being in the Urban Footprint designation of the FNQ Regional Plan Mapping.

The proposal provides for additional land stock to the smaller existing Lot 52 increasing it by 937 m² to ensure a more appropriate allotment. No change to the existing buildings and structures are proposed with the realignment and each proposed allotment will be used for Urban Purposes.

It is considered that the proposed Reconfiguration is not in conflict with the Intent for Urban Footprint designation in the FNQ Regional Plan 2009-2031.

Low Density Residential Zone Code

A Development Permit for a Reconfiguration of a Lot – Boundary Realignment is sought to provide an additional 937 m² to existing Lot 52. The site is designated as Low Density Residential Zone and no change to the existing Residential Zone is proposed with the Reconfiguration. The proposal will maintain the existing amenities and Uses of the site.

Parking and Access Code

The proposal is for a Boundary Realignment in the Low Density Residential Zone. It is not considered that the Parking and Access Code is applicable as no dwellings are proposed with the development nor is any additional allotment being created. However, it is noted that each allotment will contain the ability to connect to the existing or new Road Network and will not detrimentally affect the existing and new extended Road Network. No change to the existing accesses are proposed with the Realignment.

Reconfiguration of a Lot Code

The proposal is for a Reconfiguration of a Lot – Boundary Realignment in the Low Density Residential Zone of the Mareeba Shire Council’s Planning Scheme. The purpose is sought to transfer 937 m² to the existing smaller Lot 52. The proposed Subdivision is to preserve the existing nature of the site and the immediate and surrounding amenity in accordance with the Tablelands Regional Council’s Planning Scheme.

The minimum lot size in the Low Density Residential Zone’s is 350 m² requiring a minimum frontage of 10 metres.

The existing areas of the allotments are:

Lot 52 on SP273688	1,082 m ²
Lot 200 on SP292105	9.191 ha.

The Boundary Realignment proposes new allotments, described as Lots 52 and 200. The proposed areas of these allotments are:

Proposed Lot 52	2,019 m ²
Proposed Lot 200	9.022 ha.

Each proposed allotment contains areas greater than the minimum requirements within the Code and contains a frontage to the existing Road Network greater than 10 metres. It is considered that the existing access arrangement is to be maintained ensuring the provision of safe access to the local Road Network. No new buildings or structures are proposed with this Boundary Realignment and no change to the existing services are proposed.

The proposed allotments meet the minimum area requirements of the Mareeba Shire Council's Planning Scheme Reconfiguring a Lot Code. It is not considered that the proposed Realignment will be detrimental to the adjacent sites or adversely impact on the surrounding area. It is considered that the Performance Outcomes of the Reconfiguring a Lot Code can be met in this instance.

Works, Services and Infrastructure Code

The proposal is for a Boundary Realignment in the Low Density Residential Zone of the Mareeba Shire Council's Planning Scheme. No change to the existing services, accesses or buildings and structures is envisaged.

It is considered that the proposed Reconfiguration complies with the Intent of the Works, Services and Infrastructure Code.

Conclusion

It is considered that the proposed development being a Reconfiguration of a Lot – Boundary Realignment over land described as Lot 52 on SP273688 and Lot 200 on SP292105 is appropriate. In particular, the proposed development:

- Can meet the Performance Outcomes and Acceptable Outcomes relating to minimum allotment size and dimension;
- No change to the existing Residential nature or character of the area is envisaged, and the Realignment will ensure that the new realigned allotments will remain to be used for Residential Uses within the Low Density Residential Zone;
- Can meet the Performance Outcomes, Purposes and the Intent of the Reconfiguring a Lot Code for land included in the Low Density Residential Zone;
- Is not in conflict with the Mapped Overlays;
- Can meet the Intent and Objectives for the Low Density Residential Zone; and
- Is not in conflict with the Far North Queensland Regional Plan 2009 – 2031, in particular the Urban Footprint Designation.
