

## IMPORTANT RATES AND CHARGES INFORMATION (CONT)

### Utility Charges

#### Sewerage

The sewerage access charge for an average residential property is \$970 per annum. Ratepayers contribute to the cost of operation, maintenance and capital expenditure associated with the sewerage system.

#### Water Access and Water Usage

The water access charge covers the cost of providing water supply, taking into account asset upgrades, replacements and provision for the future needs of water infrastructure.

The water usage charge reflects your specific water consumption and covers the variable cost of supplying water to consumers (e.g. wages, chemicals, electricity, and maintenance) on a two-tiered basis.

#### Waste Collection (Wheelie Bin)

All residents of Mareeba Shire Council pay the same kerbside collection charge of \$318 a year. This charge is to pay for your kerbside wheelie bin pick-up. The waste area is defined as the area in which Council or Council's contractors provide a mobile waste collection service.

#### Waste Management Charge

This charge of \$180.50 per year is to provide funds to assist with the cost of operating, managing and environmental compliance of the transfer stations and landfills throughout the shire.

#### Trade Waste

An annual fixed charge to commercial and industrial generators discharging trade waste into Council's wastewater system to recover the costs associated with the management of the trade waste services.

### Special Rates and Charges

#### Russett Park Bridge Access

This rate is levied on properties in the Russett Park Bridge Access Area as a contribution towards the cost of building the bridge.

#### Volunteer Brigade Equipment and Maintenance Levy

This charge applies to those properties identified in the relevant Rural Fire Area which will have access to respective Rural Fire Brigades. The monies collected go directly to the Rural Fire Brigades for the purchase, upkeep and maintenance of equipment. The annual levy is determined by the committees of each Rural Fire Brigade.

#### Irvinebank Reservoir Water Supply Benefited Area

This annual special charge of \$400 per property will be levied on all properties in the Irvinebank Water Benefited Area to cover the costs of operation, maintenance and capital expenditure associated with delivering water from the Ibis Dam to the town reservoirs.

#### Irvinebank Township Water Supply Benefited Area

This annual special charge of \$50 per property will be levied on all properties in the Irvinebank Water Benefited Area. These funds will be forwarded to the Irvinebank School of Arts and Progress Association for the purpose of raising funds as a reserve for future upgrades of the water reticulation system and/or the maintenance of the water reticulation system from the town reservoirs to the properties.

#### Mareeba Benefited Area

*Mareeba Benefited Area 1, 2 & 3*- This special rate is levied on properties in the Mareeba Benefited Area to fund projects including but not limited to road, drainage, footpath construction and repair, beautification works, promotional activities, economic and tourism development, street furniture and decorations.

#### Extractive Industry Road Contribution

This special charge is levied on all extractive industry properties to fund road and drainage construction and repair within the Shire.

#### Emergency Management Levy

This levy is collected by Council on behalf of the Queensland Government in accordance with the *Fire and Emergency Services Act 1990 and Fire and Emergency Services Regulation 2011*. This levy is recognising that all Queenslanders are at risk from a wide range of emergencies including floods, cyclones, storms as well as fires and accidents. All funds received will be forwarded to the Queensland Fire and Emergency Services.

For any further enquiries please contact QFES on 13 74 68.

#### Local State Emergency Services (SES) Levy (Separate Charge)

This annual separate charge of \$3.30 is levied on all rateable properties within the Shire to fund the general operations and maintenance of the local State Emergency Services Groups

## IMPORTANT RATES AND CHARGES INFORMATION

### Frequency of Rates Notices

Rates and charges for the Mareeba Shire Council for the half year ended 31 December 2022 will be issued in August 2022 and for the half year ended 30 June 2023 notices will be issued in February 2023.

You are welcome to pay your rates in advance at any time, either by one off payments or regular periodical payments.

### Discount

10% discount on the differential general rates only will be allowed if the rates and charges are paid in full and received by the due date.

Council will only allow discounts in relation to monies received in its bank account on or before the last day of the discount period.

It is strongly recommended that payment is not left until the last day as Council does not accept responsibility for postal or other unforeseen delays.

### Interest Charged on Outstanding Balances

Outstanding rates and charges will accrue interest at the rate of 8.17% per annum, compounded on daily balances. Interest also applies to properties with outstanding balances that have an approved arrangement to pay by periodic payment.

### Other Charges

Council includes legal fees due to collection of overdue rates and charges on its half yearly rate notice.

### How to Pay

Refer to the reverse of the rate notice for methods of payment information.

It is strongly recommended that payment be made 3 to 5 days prior to the discount date.

### Payment Difficulties

To help ease the financial burden, payment by an agreed arrangement may be accepted under some circumstances. For arrangements to be made, ratepayers must contact the Rates Section on 1300 308 461 before the due date shown on any notice. All approved arrangements will be confirmed in writing.

An arrangement may help in reducing interest charges, defer debt recovery action and the associated legal costs.

### Have you recently changed address?

Property owners are required to notify Council of a change of address.

If you have changed address or intend to change your address from that stated on your rate notice, please advise Council in writing to enable records to be changed accordingly.

The Department of Resources should also be advised of your new address.

### Are you a Pensioner?

Ratepayers that reside on their property on a full or part pension may be entitled to receive Council and State remissions on their rates. Ratepayers are required to have either a Pensioner Concession Card or a Department of Veterans Affairs Gold Card.

The State Remission is 20% of your rates and charges up to a maximum of \$200 per annum.

The Council Remission is 30% of your differential general rates up to a maximum of \$240 per annum.

To apply, an Application for Pensioners Rate Remission form must be completed.

### Not-for-profit Remission

Council grants a remission to approved not-for-profit community, recreation and sporting organisations. There are two types of remission:

- **Type A** - 100% of the general property rates per year, 100% on utility charges & waste management charge, Volunteer Brigade Equipment and Maintenance Levy & SES Levy
- **Type B** - 50% of the general property rates per year, up to a maximum of \$1,000 per year, 20% up to a maximum of \$200 per year on utility charges and the waste management charge and 100% of the Volunteer Brigades Equipment and Maintenance Levy & SES Levy
- **Water consumption costs** >\$100 water per year
  - Group 1 - 35% donation up to a maximum of \$2,000/year
  - Group 2 - 35% donation up to a maximum of \$1,000/year
  - Group 3 - 35% donation up to a maximum of \$500/year

To be eligible you must meet the criteria documented in the Council's Rate Rebates and Remission Policy.

To apply, an Application for Rates and/or Charge Remission for Not-for-profit organisations must be completed.

### Differential General Rates

Differential general rates are a contribution each ratepayer makes towards the cost of Council running the region which includes services such as: roads, bridges, kerbing and channelling, parks and gardens and libraries.

### How are Rates Calculated?

Each year, Council determines a schedule of programs, services and projects to be undertaken in the coming year. Rates are determined by how much investment is required to deliver these programs, services and projects. Long term planning such as the Corporate Plan guide this process.

The Corporate Plan sets out the strategic direction for Council over the next three years and defines the strategies and programs that Council aims to deliver.

Differential general rates are calculated using the valuation provided by the Department of Resources along with the Rating Category assigned to your property. Department of Resources issues valuations on an annual basis for all rateable properties.

Differential general rates are calculated for each property by multiplying the latest rateable value, by the rate in the dollar for the relevant category/subcategory set by council. If the amount calculated is less than the minimum general rate for the relevant subcategory for the property, then the minimum general rate applies.

### Objection to Rating Category

Property owners must pay their rates even if they have lodged an objection. In accordance with the *Local Government Act 2009*, owners of rateable land have the right to object to the category their land is included in. All objections shall be made to the Chief Executive Officer, Mareeba Shire Council within 30 days of the date of issue of the rate notice.

The only basis for objection shall be that at the date of issue of the rate notice, having regard to the criteria adopted by Council, the land should be in another category. If an owner is aggrieved by the decision of the Chief Executive Officer, the owner may appeal to the Land Court against the decision.

## RATING CATEGORIES

### Differential General Rates

Council has determined to make and levy differential general rates on rateable land within the Mareeba Shire Council local government area in respect of the 2022/2023 financial year. The rateable value upon which the differential general rates are to be levied is based on the valuation, as determined by the Department of Resources or in the case of mining claims as per Section 79 of the *Local Government Regulation 2012*.

Council is required to raise an amount of revenue it sees as being appropriate to maintain assets and provide services to the region as a whole.

In deciding how that revenue is raised, Council has taken into account the following factors:

- The principles outlined in its adopted Revenue Policy, and
- The rateable value of the land, and
- The level of services provided to that land and the cost of providing the services, and
- The use of land in so far as it relates to the extent of utilisation of Council's services, and
- Location and access to services.

The main criterion adopted by Council for the purpose of categorising the rateable land within the region is that the categorisation should reflect the predominant land use of the property. Within each predominant land use of some categories, the land has been further categorised according to valuation.

The following categories, descriptions, rates in the dollar and minimum general rates are to be used for rating purposes for all rateable properties within the local government area of the Mareeba Shire Council:
