

Irvinebank and Watsonville update				
#	Community Priority	Timeframe	Partners	Council Outcomes
<b>3.8.2 Road infrastructure</b>				
1	(i) Inform Department of Transport and Main Roads of identified community priorities for maintenance and upgrade of state controlled roads.	2012 - 2021	Dept of Transport and Main Roads, Council	a) Council prepared a submission of community priorities for maintenance and upgrade of state controlled road infrastructure that was sent to Department of Transport and Main Roads.
<b>3.8.3 Town infrastructure</b>				
2	(i) Investigate options for incorporating recycling into waste management strategy.	2012 - 2016	Council	a) These issues will be considered in the development of the new shire-wide Waste Management Services Strategy.
3	(ii) Review maintenance program for town infrastructure to keep town tidy and transfer station is maintained at a suitable standard.	2012 - 2016	Council	b) Council reviewed the maintenance program and has an annual maintenance program in place. Council has a contractor in place for vegetation management in Irvinebank. c) A base station to improve mobile phone coverage will be installed in the Watsonville area with Federal funding, as a result of Council and community lobbying.
<b>3.8.4 Water infrastructure</b>				
4	(ii) Investigate options for delivering a sustainable town water supply.	2012 - 2013	Dept of Natural Resources & Mining, Community, Council	a) Council entered into an agreement with the former State Government to take ownership of the Ibis Dam and water delivery system to the storage tanks, effective 1/7/2013. Ibis Dam Stage 3 upgrade was completed by Queensland State Government prior to handover to Council .
<b>Other Council actions</b>				
				a) Community partnerships for Watsonville cemetery and John Moffat Festival
				b) Support provided to the Irvinebank School of Arts & Progress Association
