

### COMMUNITY EVENTS HAZARD INSPECTION CHECKLIST

SAFETY IS
NO ACCIDENT

| LOCATION OF INS    | SPECTION | <u>-</u>     |
|--------------------|----------|--------------|
| Inspected By (1)   | PRINT    | (2)          |
| Signature (1)      |          | (2)          |
| Date of Inspection | / /      | Time / AM/PM |

#### **PURPOSE:**

The purpose of this document is to provide guidelines for the identification of Hazards and Risks in the workplace in line with procedures WHS WP 2.2.1.

#### **DEFINITION:**

<u>Hazard</u>: A hazard is a source of potential harm or a situation with the potential to cause loss.

<u>Risk:</u> A chance that an event will occur which will result in personal injury or loss to the Council.

#### **RISK ASSESSMENT CALCULATOR**

| RISK CALCULATOR                                 |   |   |   |  |  |  |  |  |  |  |
|---|---|---|---|--|--|--|--|--|--|--|
|   | Consequence                             |   |   |  |  |  |  |  |  |  |
| Likelihood                                      | Insignificant No injury, no-low \$ cost | Minor First aid treatment, low-medium \$ cost | Moderate  Medical treatment, medium- high \$ cost | Major<br>Serious<br>injuries,<br>major \$ cost | Catastrophic<br>Death, huge \$<br>cost |  |  |  |  |  |
| Almost Certain  Expected to occur at most times | н                                       | Н   | E   | E  | Ш                                      |  |  |  |  |  |
| Likely Will probably occur at most times        | M                                       | Н   | Н   | E  | ш                                      |  |  |  |  |  |
| Possible  Might occur at some time              | L                                       | M   | Н   | Е  | Е                                      |  |  |  |  |  |
| Unlikely Could occur at some time               | L                                       | L   | M   | Н  | E                                      |  |  |  |  |  |
| Rare<br>May occur in rare<br>conditions         | L                                       | L   | М   | Н  | Е                                      |  |  |  |  |  |

#### **INSPECTION PROCEDURES:**

Code: E - Extreme Risk, H - High Risk, M - Moderate risk, L - Low risk

- 1. Use this checklist to inspect for hazards at Council's Community Events regularly.
- 2. HSRs, Supervisors and Managers are to inspect for hazards as per the "Hazard Inspection Matrix".
- 3. For any 'N' ticked, conduct a risk assessment using the 'Risk Assessment Calculator' and write down the risk level on the checklist. (Any code **E or H** risks must be immediately reported to the Manager and WHS Advisor so a formal, documented risk assessment may be conducted).
- 4. Add up all the boxes ticked "NO" and the number of each different risk level and indicate in the table at the end of the checklist.
- 5. When completed, transfer all hazards that <u>can't be rectified immediately</u> to the attached 'Rectification Action Plan' (RAP).
- Forward this checklist and the RAP to the Supervisor for further action (if required) and sign-off.
   Note: When recommending control / corrective actions, always consider both short term and long-term control options.
- 7. Always conduct a risk assessment before any controls are implemented and a risk assessment after the controls are implemented to ensure the risk has been reduced.

**NOTE:** All questions should be answered by marking the appropriate column with a  $(\checkmark)$  (Y) = Yes (N) = No (NA) = Not Applicable

| No:   | Items to check  | Υ | Ν | NA | Risk | Comment                                       |
|-------|---|---|---|----|------|---|
| 1. Ac | cess and Egress   |   |   |    |      |   |
| 1     | Are all Entry / Exit areas clear and accessible for staff and expected attendees?   |   |   |    |      |   |
| 2     | Do all Entry / Exit area have adequate areas for emergency exit and emergency services?   |   |   |    |      |   |
| 3     | Are thoroughfares well defined and clearly marked?  |   |   |    |      |   |
| 2. Er | nergency Evacuation   |   |   |    |      |   |
| 1     | Are written procedures/plans in place and current?  |   |   |    |      |   |
| 2     | Are assembly areas allocated and understood?  |   |   |    |      |   |
| 3     | Are current site maps available to all staff, emergency services and other relevant parties?  |   |   |    |      |   |
| 4     | Are warning systems clear (audible) in all areas?   |   |   |    |      |   |
| 3. Fi | rst Aid   |   |   |    |      |   |
| 1     | Are there sufficient first aid kits available at the event?   |   |   |    |      |   |
| 2     | Is a first aid sign displayed above the kit?  |   |   |    |      |   |
| 3     | Are first aid stations suitably located, clearly signed and accessible?   |   |   |    |      |   |
| 4     | Is there good means of communication provided between event personnel and first aid stations?   |   |   |    |      |   |
| 5     | Are the first aid facilities suitable for the type of event?  |   |   |    |      |   |
|       | Are first aid kits checked and current? Date of last check (/20 )   |   |   |    |      |   |
| 6     | Is there trained first aid officer/s available?   |   |   |    |      |   |
| 7     | Are all injuries reported and recorded?   |   |   |    |      | (Ensure Incident Report Forms are available). |
| 10    | Is a sharps kit available?  |   |   |    |      |   |
| 4. Fi | re Prevention   |   |   |    |      |   |
| 1     | Are inspection tests up to date for: (every 6 months) Inspected fire extinguishers?  ☐ Fire extinguishers? Date of last test (/20) ☐ Hose Reels?  Date of last test (/20) |   |   |    |      | (Check some tags)                             |
| 2     | Are all fire extinguishers accessible, clear from obstruction?  |   |   |    |      |   |
| 3     | Have personnel been trained in extinguisher / fire blanket use?   |   |   |    |      |   |
| 4     | Are all staff and volunteers aware of the fire evacuation procedures?   |   |   |    |      |   |
| 5. Si | gnage   |   |   |    |      |   |
| 1     | Are relevant signs displayed near equipment?  |   |   |    |      |   |
| 2     | Is there adequate signage for entries, exits and toilet facilities?   |   |   |    |      |   |
| 3     | Are signs in good condition (not faded)?  |   |   |    |      |   |
| 4     | Are sufficient signs in use – internally and externally including:  |   |   |    |      |   |
|       | ☐ Information signs (first aid, general signage)? ☐ Danger signs? ☐ Mandatory signs (footwear)? ☐ No smoking near chemicals? ☐ Hazardous areas?                           |   |   |    |      |   |
| 5     | Are out of service / danger tags available for use?   |   |   |    |      |   |

| No:   | Items to check  | Υ | Ν | NA | Risk | Comment              |
|-------|---|---|---|----|------|----------------------|
| 6. Tr | affic Flow  |   |   |    |      |                      |
| 1     | Are there clearly defined areas for traffic (separate from pedestrians)?  |   |   |    |      |                      |
| 2     | Is there provision for safe passage of emergency / other vehicles through pedestrian traffic?   |   |   |    |      |                      |
| 3     | Is there controlled traffic flow and adequate signage for traffic erected?  |   |   |    |      | (Check some signage) |
| 4     | Do the Traffic Management stewards / marshals wear appropriate PPE and carry communication devices?   |   |   |    |      |                      |
| 5     | Are there adequate parking areas to cater for the expected vehicle numbers attending the event?   |   |   |    |      |                      |
| 6     | Is there adequate parking supervision?  |   |   |    |      |                      |
| 7     | Is there a requirement for trained traffic management staff and are traffic management staff positioned in the correct location as planned?   |   |   |    |      |                      |
| 8     | Is there to be a road closure? If so, have the necessary permits and traffic management plans been completed?   |   |   |    |      |                      |
| 9     | If working on or near a road or railway, has a Safe Work Method Statement (SWMS) been completed?  |   |   |    |      |                      |
| 7. Ar | menities  |   |   |    |      |                      |
| 1     | Is there adequate provision of toilets and hand washing facilities? (Recommended: One closet fixture for every 200 female patrons. One closet fixture/urinal for every 200 male patrons, one wash basin for every 200 patrons and for disabled persons, one unisex accessible facility for every 100 closet fixtures) |   |   |    |      |                      |
| 2     | Are toilet and hand washing facilities cleaned regularly?   |   |   |    |      |                      |
| 2     | Is there clean drinking water available for staff and attendees?  |   |   |    |      |                      |
| 3     | Are there adequate catering facilities for food preparation and clean up?   |   |   |    |      |                      |
| 8. Ma | aintenance  |   |   |    |      |                      |
| 1     | Are qualified and competent personnel available to undertake maintenance / repairs?   |   |   |    |      |                      |
| 2     | Do the maintenance personnel have the means of communicating with the Event Coordinator? i.e. two-way radio or mobile phone   |   |   |    |      |                      |
| 3     | Are records kept of any maintenance undertaken?   |   |   |    |      |                      |
| 9. El | ectrical / Generators   |   |   |    |      |                      |
| 1     | Is electrical equipment tested and tagged? Specify the date of the last test (/20 )   |   |   |    |      |                      |
| 2     | Are Residual Current Devices (RCDs) in use and manually tested to ensure correct operation? Date of test (/20 )   |   |   |    |      |                      |
| 3     | Are correct power boards used (no double adaptors or piggy back plugs)?   |   |   |    |      |                      |
| 4     | Is clear access provided to switchboards (1 m)?   |   |   |    |      |                      |
| 5     | Are there any damaged light switches, fittings or power points?   |   |   |    |      |                      |
| 6     | Are all portable electrical equipment including leads tested and tagged?  |   |   |    |      |                      |
| 7     | Is there adequate protection of the public from electric shock and any trip hazards?  |   |   |    |      |                      |

| No:   | Items to check  | Υ | Ν | NA | Risk | Comment                             |
|-------|---|---|---|----|------|-------------------------------------|
| 8     | Are all electrical leads / equipment placed in safe locations?, e.g. not in a tree or on top of unstable surfaces       |   |   |    |      |                                     |
| 9     | Are all leads / plugs protected from the weather and hazards such as water, etc.  |   |   |    |      |                                     |
| 10    | Are generators placed in a safe location and isolated from the public?  |   |   |    |      |                                     |
| 10. F | encing  |   |   |    |      |                                     |
| 1     | Is the fence climb resistant (for children)?  |   |   |    |      |                                     |
| 2     | Is the fencing in good condition?   |   |   |    |      |                                     |
| 3     | Are all gates inspected on a regular basis to ensure they close properly?   |   |   |    |      |                                     |
| 11. F | Permits, Licensing and Registration   |   |   |    |      |                                     |
| 1     | Are fireworks provided by licensed pyrotechnicians?   |   |   |    |      |                                     |
| 2     | Are mobile plant operators (cranes, forklifts, etc) licensed or certified?  |   |   |    |      |                                     |
| 3     | Has a Liquor Management Plan been implemented?  |   |   |    |      |                                     |
| 4     | Has a Food Safety Plan been implemented?  |   |   |    |      |                                     |
| 5     | Is a Police / Council Permit required for road events?  |   |   |    |      |                                     |
| 6     | Is a QFRS permit required for fireworks? (check for Total Fire Ban)   |   |   |    |      |                                     |
| 7     | Is a permit required for Place of Public Entertainment?   |   |   |    |      |                                     |
| 8     | Have all contractors produced their Risk Assessments / Job Safety Analysis?   |   |   |    |      |                                     |
| 12. L | Itilities / Site Services   |   |   |    |      |                                     |
| 1     | Have all site underground services (power/gas/mains) and overhead power lines been identified?                          |   |   |    |      |                                     |
| 2     | Do the relevant personnel have maps identifying the site underground and overhead services?                             |   |   |    |      |                                     |
| 3     | Have the unsafe areas been communicated to the Event Coordinator?   |   |   |    |      |                                     |
| 13. 5 | Staging, Platforms and Marquees   |   |   |    |      |                                     |
| 1     | Have all stages been erected and signed off by qualified personnel (rigger/scaffolder)?                                 |   |   |    |      |                                     |
| 2     | Is there a plan in place to monitor platforms and scaffolding continuously, particularly in extreme weather conditions? |   |   |    |      |                                     |
| 3     | Is there adequate access and egress around all staging and platforms for event patrons and emergency services?          |   |   |    |      |                                     |
| 4     | Is there adequate isolation or segregation of the public from all platforms?  |   |   |    |      |                                     |
| 5     | Is there a risk of impalement from marquee pegs?  |   |   |    |      |                                     |
| 14. V | Vorking at Heights  |   |   |    |      |                                     |
| 1     | Are all ladders well maintained and suitable for work undertaken?   |   |   |    |      | (Use commercial rated ladders only) |
| 2     | When using a ladder is there assistance available from a second person?   |   |   |    |      |                                     |
| 3     | Is the equipment fit for purpose? i.e. ladder, cherrypicker, scissorlift  |   |   |    |      |                                     |

| No:          | Items to check  | Υ | Ν | NA | Risk | Comment   |
|--------------|---|---|---|----|------|---|
| 4            | If working above 2.0 metres or more, has a Safe Work Method Statement (SWMS) been completed?  |   |   |    |      |   |
| 15. N        | Manual Handling   |   |   |    |      |   |
| 1            | Are all staff and volunteers trained to use safe lifting techniques when lifting or carrying?   |   |   |    |      |   |
| 2            | When delivering loads by vehicle or mechanical means (e.g. trolley), is access as close as possible to the relevant area?   |   |   |    |      |   |
| 16. <i>A</i> | Amusement Structures (including inflatable structures)  |   |   |    |      |   |
| 1            | Has the supplier / contractor provided evidence that the amusement structure meets the Australian Standards and has a current certificate of registration as well as evidence of electrical safety?               |   |   |    |      |   |
| 2            | Has the supplier / contractor provided evidence of insurance (Certificate of Currency)?   |   |   |    |      |   |
| 3            | Has adequate space and suitable ground surface been provided for each fixture, including access and egress?   |   |   |    |      |   |
| 4            | Is there appropriate fencing or barricading surrounding each ride?  |   |   |    |      |   |
| 5            | Is there sufficient signage for parent information?   |   |   |    |      |   |
| 4            | Is there appropriate soft fall area for inflatable structures?  |   |   |    |      |   |
| 5            | Has a thorough check of inflatable structures and accessories been carried out prior to use?  |   |   |    |      |   |
| 6            | Have all tie down ropes that are attached to inflatable structures been fastened to adequate anchorages?  |   |   |    |      |   |
| 7            | Do operators of inflatable structures regularly monitor prevailing wind conditions?   |   |   |    |      |   |
| 15. L        | iquid Petroleum Gas (LPG) and Heaters   |   |   |    |      |   |
| 1            | Where possible, have small gas cylinders been used?   |   |   |    |      |   |
| 2            | Have the LPG cylinders been secured to increase stability?  |   |   |    |      |   |
| 3            | Are all of the LPG cylinders clear of ignition sources and located in well ventilated areas?  |   |   |    |      |   |
| 4            | Have all of the LPG cylinders been checked that they have not exceeded 10 years of the stamped test date?   |   |   |    |      |   |
| 16. V        | Veather Conditions  |   |   |    |      |   |
| 1            | Have weather conditions been planned for and monitored, e.g. non-slip mats, shade, sunscreen and drinking water available?  |   |   |    |      | (Check the Australian Bureau of Meteorology website www.bom.gov.au) |
| 2            | Are wind speeds monitored? (Amusement structures should cease operation in accordance with the manufacturer's specification - inflatable structures must cease operation when wind speed reaches 40klm per hour). |   |   |    |      |   |
| 17. F        | Personal Protective Equipment (PPE)   |   |   |    |      |   |
| 1            | Have all staff and volunteers been supplied with the correct PPE for the task to be undertaken, i.e. gloves, aprons, earplugs, waterproof jackets, closed-toe shoes, broad-brimmed hat?                           |   |   |    |      |   |
| 2            | Have personnel been trained in using, maintaining and storing PPE?  |   |   |    |      |   |
| 18. S        | Security  |   |   |    |      |   |
| 1            | Has the appropriate security been employed for the event?   |   |   |    |      |   |
